**PROXY STATEMENT
FOR 2019 ANNUAL MEETING OF STOCKHOLDERS**

General Information

This proxy statement is furnished to the stockholders of DSP Group, Inc., a Delaware corporation, in connection with the solicitation by our board of directors of proxies in the accompanying form for use in voting at the annual meeting of stockholders to be held on June 6, 2019, at 8:30 a.m., local time, at the Offices of Morrison & Foerster LLP, 250 West 55th Street, New York City, New York, and any adjournment or postponement thereof. The shares represented by proxies received, properly marked, dated, executed and not revoked will be voted at the annual meeting.

This proxy statement, any accompanying proxy card or voting instruction form and our 2018 annual report to stockholders will be made available on or about May 6, 2019 to our stockholders of record on April 9, 2019 at <https://materials.proxyvote.com/23332B>.

Solicitation, Record Date and Voting Procedures

The solicitation of proxies will be conducted by mail and we will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the annual meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the annual meeting to beneficial owners of our common stock. We may conduct further solicitation personally, telephonically or by facsimile through our officers, directors and regular employees, none of whom will receive additional compensation for assisting with the solicitation.

The close of business on April 9, 2019 has been fixed as the record date for determining the holders of shares of our common stock entitled to notice of and to vote at the annual meeting. As of the close of business on the record date, we had 22,709,916 shares of common stock outstanding and entitled to vote at the annual meeting. The presence at the annual meeting of a majority of these shares of our common stock, either in person or by proxy, will constitute a quorum for the transaction of business at the annual meeting. An automated system administered by our transfer agent will tabulate votes cast by proxy, and a representative from our transfer agent will act as the inspector of elections to tabulate votes cast in person at the annual meeting. Each outstanding share of common stock on the record date is entitled to one vote on all matters.

Under the General Corporation Law of the State of Delaware, an abstaining vote and a broker “non-vote” are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the annual meeting. Abstentions are included in determining the number of shares voted on the proposals submitted to stockholders and will have the same effect as a “no” vote on such proposals. A broker “non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular matter because the nominee does not have the discretionary voting power with respect to that matter and has not received instructions from the beneficial owner. Broker “non-votes,” and shares as to which proxy authority has been withheld with respect to any matter, are generally not deemed to be entitled to vote for purposes of determining whether stockholders’ approval of that matter has been obtained. Pursuant to Nasdaq Rule 2251, proposal 1 (election of directors) is a non-routine matter and, therefore, may not be voted upon by brokers without instruction from beneficial owners.

With respect to proposal 1 of this proxy statement, in an uncontested election, each director nominee will be elected by a majority of the shares present or represented by proxy and voting at the meeting with respect to his/her election (that is, the number of shares voted “for” that nominee exceeds the number of votes cast “against” that nominee). Abstentions and broker “non-votes” will have no effect on proposal 1.

With respect to proposals 2 and 3 of this proxy statement, the affirmative vote of a majority of shares of our common stock represented and voted at the annual meeting is required for approval. With respect to proposal 4 of this proxy statement, the affirmative vote of a majority of shares of our common stock represented and voted at the annual meeting is required for approval, although such vote will not be binding on us. Abstentions will have the same effect as “no” votes on proposals 2, 3 and 4 presented at this annual meeting. Broker “non-votes” will have no effect on proposals 2, 3 and 4.

The Proxy

The persons named as proxy holders, Ofer Elyakim and Dror Levy, were selected by our board of directors and currently serve as our executive officers.

All shares represented by each properly executed, unrevoked proxy received in time for the annual meeting will be voted in the manner specified therein. If no specification is made on the proxy as to any one or more of the proposals, the common stock represented by the proxy will be voted as to the proposal for which no specification is given as follows: (1) FOR the election of all director nominees named in this proxy statement; (2) FOR proposals 2, 3 and 4; and (3) with respect to any other matters that may come before the annual meeting, at the discretion of the proxy holders. We do not presently know of any other business to be conducted at the annual meeting.

Revocability of Proxy

If the shares of common stock are held in your name, you may revoke your proxy given pursuant to this solicitation at any time before the proxy card is voted by: (i) delivering to us (to the attention of Dror Levy, our Secretary), at the address of our principal executive offices, a written notice of revocation or a duly executed proxy bearing a later date, or (ii) attending the annual meeting and voting in person. If your shares are held in “street name,” you should follow the directions provided by your broker regarding how to revoke your proxy. Your attendance at the annual meeting after having executed and delivered a valid proxy card will not in and of itself constitute a revocation of your proxy. You will be required to give oral notice of your intention to vote in person to the inspector of elections at the annual meeting.

PROPOSAL NO. 1
ELECTION OF DIRECTORS

Our bylaws currently authorize the number of directors to be not less than five or more than nine. The number of directors on our board of directors is currently fixed at seven.

Traub, and Ms. Cynthia Paul have been nominated as a director to serve until the 2020 annual meeting of stockholders and until their successors are elected or appointed and qualified, or until their earlier resignation or removal. Our board has no reason to believe that each of Messrs. Elyakim, Lacey, Seligsohn, Seroussi, Taffe and Traub, and Ms. Paul will be unable or unwilling to serve as a director if elected.

Director Nominees to Serve One-Year Term

Ofer Elyakim, 49, currently serves as our Chief Executive Officer and a member of the Board of Directors. Director Independence

Our board of directors has determined that all of the director nominees are "independent" as that term is defined in the published listing requirements of NASDAQ, except for Mr. Elyakim who is our Chief Executive Officer.

Required Vote

Pursuant to Nasdaq Rule 2251, the uncontested election of directors is no longer a routine matter and, therefore, may not be voted upon by brokers without instruction from beneficial owners. Consequently, proxies submitted by brokers for shares beneficially owned by other persons may not, in the absence of specific instructions from such beneficial owners, vote the shares in favor of a director nominee or withhold votes from a director nominee at the brokers' discretion.

In an uncontested election, the director nominees will be elected by a majority of the shares present or represented by proxy and voting at the meeting with respect to his/her election (that is, the number of shares voted "for" that nominee exceeds the number of votes cast "against" that nominee). Abstentions and broker "non-votes" will have no effect on proposal 1.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE ELECTION OF EACH OF THE DIRECTOR NOMINEES NAMED ABOVE.**

Corporate Governance Overview

Our board of directors is committed to strong and effective corporate governance, and, as a result, it regularly monitors our corporate governance policies and practices to ensure compliance with applicable laws, regulations and rules, as well as the best practices.

Our corporate governance program features the following:

- We have an independent chairman of the board;
- All of our directors, other than our CEO, are independent;
- All of our board members are up for election annually;
- Each of our directors is elected through “majority voting;”

- We have no stockholder rights plan in place;
- Our board committees regularly review and update, as necessary, the committee charters, which clearly establish the roles and responsibilities of each such committee, and such charters are posted on our website for review;
- Our board regularly has an executive session among our non-employee and independent directors after every board meeting;
- The transparency of our board and committee interactions is exemplified by the ability of board members to attend all committee meetings, whether or not they are committee members;
- Our board enjoys unrestricted access to the Company's management, employees and professional advisers;
- We have a code of business conduct and ethics that is reviewed regularly for best practices and is posted on our website for review;
- We have a clear set of corporate governance guidelines that is reviewed regularly for best practices and is posted on our website for review;
- Our second restated certificate of incorporation has no supermajority voting provisions, including no supermajority standard for the approval of a merger or a business combination;
- We have a compensation recoupment policy;
- Our insider trading policy prohibits hedging, pledging or shorting of our stock by all executive officers and directors without written approval by the compliance officer;
- None of our board members is serving on an excessive number of public company boards;
- There are no family relationships among any of our directors or executive officers;
- Our board performs an annual self-assessment, led by the chair of the nomination and corporate governance committee, to evaluate each director's effectiveness in fulfilling his or her obligations; and
- We have a minimum stock ownership requirement to ensure that our directors and executive officers remain aligned with the interests of the company and our stockholders.

Board Leadership Structure

Our board of directors has a Chairman who is a non-employee director. Our Chairman is responsible for setting the agenda for board meetings, presiding over meetings of the board, facilitating communication among directors and ensuring an appropriate information flow from senior management to the board. Our Chief Executive Officer joined as a member of our board in May 2011. Our board of directors unanimously appointed our Chief Executive Officer to the board in consideration of the insights he brings to the board in light of his day to day leadership of the company and intimate knowledge of our business and operations.

Director Independence

Our board of directors has determined that all non-employee directors of the board, currently consisting of Messrs. Lacey, Seligsohn, Seroussi, Taffe and Traub, and Ms. Paul are “independent” as that term is defined in the NASDAQ listing standards. In making this determination, our board of directors considered transactions and relationships between each director or his/her immediate family and the company and our subsidiaries. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that the director is independent. As a result of this review, our board affirmatively determined, based on its understanding of such transactions and relationships, that all of our non-employee directors are independent of the company and, therefore, a majority of the members of our board is independent, under the standards set forth by the NASDAQ listing standards.

The Board’s Role in Risk Oversight

Our board of directors engages an enterprise-wide approach to risk management, designed to support the achievement of business objectives, including organizational and strategic objectives, to improve long-term organizational performance and enhance stockholder value. The involvement of the full board in setting our business strategy is a key part of its assessment of management’s plans for risk management and its determination of what constitutes an appropriate level of risk for the company. Our board’s role in the company’s risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the company, including operational, financial, legal and regulatory, and strategic and reputational risks. While the full board has the ultimate oversight responsibility for the risk management process, various committees of the board also have responsibility for risk management. For example, financial risks, including internal controls, are overseen by the audit committee and risks that may be implicated by our executive compensation programs are overseen by the compensation committee. Moreover, our nomination and corporate governance committee conducts an annual board assessment and reports its findings to the full board. Upon identification of a risk, the assigned board committee or the full board discuss or review risk management and risk mitigation strategies. Additional review or reporting on enterprise risks is conducted as needed or as requested by the board or committee.

Relationships among Directors or Executive Officers

There are no family relationships among any of our directors or executive officers.

Meetings and Committees of the Board of Directors

During 2018, our board of directors met 9 times in-person meetings or telephonically. Other than Ms. Paul who joined the board in April 2018, no director attended fewer than 75% of the aggregate of (i) the total number of board meetings held during the period for which he or she was a director, and (ii) the total number of committee meetings of the board held in 2018 on which he or she served. In light of the geographic dispersion of our directors, the directors’ attendance at the annual meeting of stockholders is encouraged but not required. Director attendance at each annual stockholders’ meeting will be posted on our web site at www.dspeg.com. All of our directors attended the 2018 annual meeting. It is also the general policy of our board that at the conclusion of each meeting of the board, the independent directors shall meet separately with no members of management present to review and discuss, among other things, the company’s strategy, performance and management effectiveness.

Compensation Committee

The compensation committee met in-person meetings or telephonically 2 times in 2018. The compensation committee currently consists of Messrs. Seligsohn, Seroussi and Traub, as well as Ms. Paul, with Mr. Seroussi as the Chairman. Our board of directors has determined that all current members of the compensation committee are “independent” as that term is defined in the NASDAQ listing standards. The committee’s functions are to establish and apply our compensation policies with respect to our executive officers. Additional duties and powers of the compensation committee are set forth in its charter, which was initially adopted and approved in January 2005, and a copy of which is available on our website at www.dspg.com.

Audit Committee

The audit committee met 5 times in-person meetings or telephonically in 2018. The audit committee currently consists of Messrs. Lacey, Seroussi and Taffe, and Ms. Paul, with Mr. Lacey as the Chairman. The audit committee is directly responsible for the appointment, compensation, retention and oversight of our independent auditors. In addition, the audit committee is responsible for approving the audit and non-audit services performed by our independent auditors and for reviewing and evaluating our accounting principles and our system of internal accounting controls. Additional duties and powers of the audit committee are set forth in its charter, which was initially adopted and approved in November 2002, and a copy of which is available on our website at www.dspg.com. The audit committee has also established procedures for (a) the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters, and (b) the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters.

After considering transactions and relationships between each member of the audit committee or his/her immediate family and the company and our subsidiaries and reviewing the qualifications of the members of the audit committee, our board of directors has determined that all current members of the audit committee are (1) “independent” as that term is defined in Section 10A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”); (2) “independent” as that term is defined in the NASDAQ listing standards; and (3) financially literate and have the requisite financial sophistication as required by the NASDAQ listing standards. Furthermore, our board of directors has determined that Mr. Lacey qualifies as an audit committee financial expert, as defined by the applicable rules of the Exchange Act, pursuant to the fact that, among other things, he has been a Chief Executive Officer of various public (and private) companies, and in those capacities had acquired the relevant experience and expertise and have the attributes set forth in the applicable rules as being required for an audit committee financial expert.

Nomination and Corporate Governance Committee

The nomination and corporate governance committee met once in-person meeting in 2018. The nomination and corporate governance committee currently consists of Messrs. Lacey, Seligsohn, Taffe and Traub with Mr. Taffe as the Chairman. Our board of directors has determined that all current members of the nomination and corporate governance committee are “independent” as that term is defined in the NASDAQ listing standards. The nomination and corporate governance committee is to assist the board in all matters relating to the establishment, implementation and monitoring of policies and processes regarding the recruitment and nomination of candidates to the board and committees of the board, and the development, evaluation and monitoring of our corporate governance processes and principles. The committee also is responsible for developing, implementing and monitoring compliance of our code of business conduct and ethics and making recommendations to the board of revisions to the code from time to time as appropriate. Additional duties and powers of the nomination and corporate governance committee are set forth in its charter, which was initially adopted and approved in January 2005, and a copy of which is available on our website at www.dspg.com.

Compensation Committee Interlocks and Insider Participation

The compensation committee currently consists of Messrs. Seligsohn, Seroussi and Traub, as well as Ms. Paul, with Mr. Seroussi as the Chairman. No member of this committee is a present or former officer or employee of the company or any of our subsidiaries. None of our executive officers served on the board of directors or compensation committee of any entity which has one or more executive officers serving as a member of our board or compensation committee.

Qualifications of Directors

Our board of directors has not established any special qualifications or any minimum criteria for director nominees. In considering candidates for the board, the nomination and corporate governance committee will consider the entirety of each candidate’s credentials, regardless of the nominee’s gender, racial background, religion or ethnicity. However, as specified in the charter for the nomination and corporate governance committee, the committee will consider certain qualifications such as the nominee’s personal and professional integrity, ability, judgment, broad experience in business, finance or administration, familiarity with our industry, ability to serve the long-term interests of our stockholders and sufficient time available to devote to our affairs. The nomination and corporate governance committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective director nominees. The committee believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow our board to fulfill its responsibilities. The nomination and corporate governance committee will also use its best efforts to seek to ensure that the composition of our board of directors at all times adheres to the independence requirements applicable to companies listed on NASDAQ, as well as other regulatory requirements applicable to us.

Diversity of the Board

Our board of directors does not have a formal policy requiring the nominating and corporate governance committee to consider the diversity of directors in its nomination process. Nonetheless, our board values diversity and diversity is one of the factors considered by the committee in the director identification and nomination process. The committee seeks nominees with a broad diversity of experience, professions, education, skills, geographic representation and backgrounds with a view to have a slate of candidates for election that represents a diversity of views, experiences and backgrounds.

Director Annual Evaluation

It is important to the company that the board and its committees are performing effectively and in the best interests of the company and its stockholders. The board performs an annual self-assessment, led by the chair of the nomination and corporate governance committee, to evaluate its effectiveness in fulfilling its obligations. As part of this annual self-assessment, directors are able to provide feedback on the performance of other directors. The chair of the nomination and corporate governance committee then follows up on this feedback and takes such further action as he deems appropriate.

Director Nomination Process

We do not have a formal director nomination process.

Continuing Directors

Generally, the nomination and corporate governance committee identifies nominees by first evaluating the current members of the board willing to continue in service. Current members of the board with skills and experience that are relevant to our business and who are willing to continue in service are considered for renomination. The nomination and corporate governance committee will balance the value of continuity of service by existing members of the board with that of obtaining a new perspective.

New Directors

Generally, once a need to add a new board member is identified, the nomination and corporate governance committee will initiate a search by working with staff support, seeking input from board members and senior management and, if necessary, hiring a consultant or search firm. After a slate of possible candidates is identified, members of the nomination and corporate governance committee, other members of the board and senior management have the opportunity to interview the prospective candidate(s). The remaining members of the board who do not interview the prospective candidate(s) are kept informed of the progress. A potential new director also may be recommended by a current director, after which the input of the nomination and corporate governance committee and the other members of the board on the merits of his or her appointment to the board would be sought. The nomination and corporate governance committee ultimately recommends the best candidate(s) the committee members determine after the selection process for approval by the full board.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than 10% of our common stock (collectively, "Reporting Persons") to file initial reports of ownership and changes in ownership of our common stock with the Securities and Exchange Commission. Copies of these reports are also required to be delivered to us.

We believe, based solely on our review of the copies of such reports received or written representations from the Reporting Persons, that during the fiscal year ended December 31, 2018, all Reporting Persons complied with all applicable filing requirements.

Communications with the Board

Our board of directors believes that full and open communication between stockholders and members of our board is in our best interests and the best interests of our stockholders. Stockholders can contact any director or committee of the board by writing to the Chairman of the nomination and corporate governance committee, c/o DSP Group, Inc., 2055 Gateway Place, Suite 480, San Jose, California 95110. The Chairman of the nomination and corporate governance committee will determine the extent to which such stockholder communications should be disseminated to other members of the board and what response, if any, should be made to such communications. Comments or complaints relating to our accounting, internal accounting controls or auditing matters may be referred directly to our audit committee by writing to the Chairman of the audit committee, c/o DSP Group, Inc., 2055 Gateway Place, Suite 480, San Jose, California 95110.

In order to have a proposal considered by the nomination and corporate governance committee for the 2020 annual meeting, a stockholder must submit its proposal and other relevant information in writing to the attention of our Secretary at our principal executive offices no later than January 7, 2020. With respect to general stockholder proposals, the stockholder must submit the following relevant information: (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and address, as they appear on our books, of the stockholder proposing such business, (iii) the class and number of shares of our common stock which are beneficially owned by the stockholder, (iv) any material interest of the stockholder in such business, (v) as to the stockholder giving the notice and any Stockholder Associated Person (as defined below), whether and the extent to which any hedging or other transaction or series of transactions has been entered into by or on behalf of, or any other agreement, arrangement or understanding (including, but not limited to, any short position or any borrowing or lending of shares of our common stock) has been made, the effect or intent of which is to mitigate loss or increase profit to or manage the risk or benefit of stock price changes for, or to increase or decrease the voting power of, such stockholder or any such Stockholder Associated Person with respect to any share of our common stock (each, a "Relevant Hedge Transaction"), (vi) as to the stockholder giving the notice and any Stockholder Associated Person, to the extent not set forth pursuant to the immediately preceding clause, (a) whether and the extent to which such stockholder or Stockholder Associated Person has direct or indirect beneficial ownership of any option, warrant, convertible security, stock appreciation right, or similar right with an exercise or conversion privilege or a settlement payment or mechanism at a price related to our common stock, whether or not such instrument or right shall be subject to settlement in the underlying common stock or otherwise, or any other direct or indirect opportunity to profit or share in any profit derived from any increase or decrease in the value of our common stock (a "Derivative Instrument"), (b) any rights to dividends on our common stock beneficially owned by such stockholder that are separated or separable from the underlying shares of our common stock, (c) any proportionate interest in shares of our common stock or Derivative Instruments held, directly or indirectly, by a general or limited partnership in which such stockholder is a partner or, directly or indirectly, beneficially owns an interest in a partner and (d) any performance-related fees (other than an asset-based fee) that such stockholder is entitled to based on any increase or decrease in the value of shares of our common stock or Derivative Instruments, if any, as of the date of such notice, including without limitation, any such interests held by members of such stockholder's immediate family sharing the same household (which information shall be supplemented by such stockholder and beneficial owner, if any, not later than ten days after the record date for the meeting to disclose such ownership as of the record date); and (vii) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Securities Exchange Act of 1934 in his or her capacity as a proponent to a stockholder proposal. A "Stockholder Associated Person" of any stockholder means (i) any person controlling or controlled by, directly or indirectly, or acting in concert with, such stockholder, (ii) any beneficial owner of shares of our common stock owned of record or beneficially by such stockholder and (iii) any person controlling, controlled by or under common control with such Stockholder Associated Person. Subject to any exclusions permitted by applicable law, only stockholder proposals submitted in accordance with the above requirements will be presented at any annual meeting. The chairman of the meeting may, if the facts warrant, determine and declare at the meeting that business was not properly brought before the meeting and, if he should so determine, he may so declare at the meeting that any such business not properly brought before the meeting will not be transacted.

With respect to recommendations of director nominee(s), the stockholder must submit the following relevant information in writing to the attention of our Secretary at our principal executive offices no later than January 7, 2020: (i) as to each person whom the stockholder proposes to nominate for election or reelection as a director: (A) the name, age, business address and residence address of such person, (B) the principal occupation or employment of such person, (C) the class and number of shares of our common stock which are beneficially owned by such person, (D) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nominations are to be made by the stockholder, and (E) any other information relating to such person that is required to be disclosed in solicitations of proxies for elections of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including without limitation such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); and (ii) the information set forth in the above paragraph relating to general stockholder proposals. Once the nomination and corporate governance committee receives the stockholder recommendation, it may deliver to the prospective candidate a questionnaire that requests additional information about the candidate's independence, qualifications and other matters that would assist the nomination and corporate governance committee in evaluating the candidate, as well as certain information that must be disclosed about the candidate in our proxy statement or other regulatory filings, if nominated.

The nomination and corporate governance committee will not evaluate candidates differently based on who has made the proposal. The committee will consider candidates for the board from any reasonable source, including stockholder recommendations. The committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating candidates. No such consultants or search firms were used for the slate of director nominees at this annual meeting, and, accordingly, no fees have been paid to consultants or search firms in the past fiscal year.

Greater detail about the submission process for stockholder proposals are set forth in our bylaws, a copy of which may be obtained by making a written request to our Secretary at the address of our principal executive offices.

We have not received a director nominee recommendation from any stockholder (or group of stockholders) that beneficially owns more than five percent of our common stock.

Code of Business Conduct and Ethics

Our board of directors initially adopted a code of business conduct and ethics in July 2003. This code applies to all of our employees and is posted on our web site at www.dspg.com. The code satisfies the requirements under the Sarbanes-Oxley Act of 2002, as well as NASDAQ rules applicable to issuers listed on NASDAQ. The code, among other things, addresses issues relating to conflicts of interests, including internal reporting of violations and disclosures, and compliance with applicable laws, rules and regulations. The purpose of the code is to deter wrongdoing and to promote, among other things, honest and ethical conduct and to ensure to the greatest possible extent that our business is conducted in a legal and ethical manner. Any waivers to the code with respect to our executive officers and directors may be granted only by the audit committee. Any waivers to the code with respect to the remainder of the employees may be granted by the corporate compliance officer, which is currently our Chief Financial Officer. Any waivers to the code and any amendments to the code applicable to our Chief Executive Officer, Chief Financial Officer, principal accounting officer, controller or persons performing similar functions, will be posted on our web site. Our audit committee has also established procedures for (a) the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters, and (b) the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters.

Corporate Governance Guidelines

Our board of directors initially adopted a set of corporate governance guidelines in January 2011. The guidelines set forth the practices our board follows with respect to, among other things, the composition of the board and board committees, director responsibilities, director continuing education and performance evaluation of the board. The guidelines are posted on our web site at www.dspg.com.

Environmental, Social and Governance

We are committed to being a responsible corporate citizen in advancing environmental, social and governance initiatives. We endeavor to protect the environment by conserving energy and material resources, including recycling. Our social commitment is reflected through our employees and our corporate culture. We strive to advance diversity and inclusion through talent acquisition programs to attract, retain and develop a diverse, highly skilled work force. We endeavor to create a culture of innovation and inspiration where employees feel a strong sense of community and collective pride in the company's success. With respect to governance, as noted in this proxy statement, our board is composed of all independent directors except for our chief executive officer, we have annual director election, director and executive officer stock ownership requirement and annual board evaluations, as well as various stockholder rights, including voting rights for all shares, no poison pill and no supermajority voting provisions. Finally, we have a culture of high integrity which starts with our code of conduct. We have procedures to address compliance and ensure awareness of our policies and expectations for ethical behavior.

No Supermajority Vote on Approval of Mergers or Other Business Combinations

Our corporate governance documents do not contain a supermajority standard for the approval of a merger or a business combination. Such transactions require the affirmative vote of a majority of the outstanding shares.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information known to us with respect to beneficial ownership of our common stock as of April 9, 2019, by (i) each stockholder known to us to own beneficially more than 5% of our common stock; (ii) each of our directors as of April 9, 2019; (iii) the named executive officers; and (iv) all of our directors and executive officers as a group. Except as otherwise indicated, the address of each of the executive officers and directors is c/o DSP Group, Inc., 2055 Gateway Place, Suite 480, San Jose, California 95110.

Shares of common stock subject to options, stock appreciation rights or restricted stock units currently exercisable or exercisable within 60 days of April 9, 2019 are deemed outstanding for purposes of computing the percentage beneficially owned by the person holding the stock options, stock appreciation rights or restricted stock, but are not deemed outstanding for purposes of computing the percentage beneficially owned by any other person. Except as indicated by footnote, we believe that the persons named in this table, based on information provided by them, have sole voting and investment power with respect to the shares of common stock indicated.

Amended and Restated 1998 Non-Officer Employee Stock Option Plan

Our board of directors adopted the 1998 Plan in November 1998. As of December 31, 2018, 9,479,049 shares of common stock were granted and 14,587 shares of common stock remained available for grant. The board of directors, or a committee designated by the board of directors, administers the 1998 Plan. The administrator has the sole discretion to interpret any provision of the 1998 Plan, and to determine the terms and conditions of awards of non-qualified stock options or stock appreciation rights under the 1998 Plan. Options and stock appreciation rights currently may be granted to our employees and employees of any of our subsidiaries. Officers may not be granted options or stock appreciation rights under the 1998 Plan. The material features of the 1998 Plan are summarized below.

Term. The term of each option or stock appreciation right shall be stated in the applicable option or stock appreciation right agreement.

Exercise Price or Base Appreciation Right. The exercise price per share of common stock for an option and the base appreciation amount for a stock appreciation right shall be determined by the administrator.

Vesting. Each option or stock appreciation right shall vest in accordance with a schedule as determined by the administrator.

Early Exercise. An option may include a provision whereby the participant may elect to exercise any part or all of the option prior to vesting of the option. Any unvested shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or any other restriction the administrator determines to be appropriate.

Transferability. Options and stock appreciation rights are transferable to the extent provided in the applicable option agreement or stock appreciation right agreement.

Termination of Employment. A participant may not exercise an option or stock appreciation right after the termination of the participant's employment, director or consulting relationship with us or with any of our subsidiaries, except to the extent specified in the applicable option or stock appreciation right agreement. Where the option or stock appreciation right agreement permits the exercise of the option or stock appreciation right following termination of the participant's employment or other service relationship with us or any of our subsidiaries, the option or stock appreciation right shall terminate to the extent not exercised on the last day of the specified period or the last day of the term of the option or stock appreciation right, whichever occurs first.

Acquisition of the Company. If we are acquired whether by sale, transfer of assets, merger or similar transaction, the administrator shall have the authority to provide for the full automatic vesting and exercisability of one or more outstanding unvested options or unvested stock appreciation rights under the 1998 Plan on such terms and conditions as the administrator may specify.

Amendment and Termination of the Plan. The 1998 Plan will continue until it is terminated by the board of directors. The board may amend the 1998 Plan at any time or from time to time or may suspend or terminate it, without approval of the stockholders, except as required by law. However, no action by the board of directors or stockholders may alter or impair any option or stock appreciation right previously granted under the 1998 Plan. No option or stock appreciation right may be granted during any suspension of or after termination of the 1998 Plan.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

Overview of Compensation Philosophy and Objectives

We operate in a very competitive, dynamic and challenging industry. Our compensation policy, as established by the compensation committee of our board of directors, is designed to attract, motivate and retain highly talented individuals who will contribute to our long-term success, reward our executive officers who contribute to our positive financial performance and provide a strong link between our executive officers' compensation and long-term interests of our stockholders. We believe our compensation policy should be set in a manner that motivates our executive officers to manage the company for optimal operating performance and market positioning, as well as strive for growth opportunities; thereby returning long term value to stockholders. This is especially relevant as the company is transforming its business from cordless telephony to new product initiatives, including VoIP, SmartVoice and SmartHome products, which have broader market opportunities and higher gross margins. The compensation committee wants to motivate the executive officers to continue to position the company for future growth. As a result, in recent years, the performance-based executive bonus plans that our executive officers participate in have a component of goals associated with non-cordless revenues. We believe the structure of our performance-based executive bonus plans provide the appropriate incentives and drove results as evident by the fact that 2018 marked the first year that the company's revenues from growth initiatives accounted for a majority of its revenues and gross margins rose to a record high of 49%.

The various compensation levels for our executive officers are set based on the scope of their responsibilities and performance. Our policy for allocating between long-term and currently paid compensation is to ensure adequate base compensation to attract and retain key personnel, while providing them incentives to maximize long-term value for our company and stockholders. We further believe that the executive officers' total annual cash compensation should vary with the company's performance and that the higher an executive officer's level of responsibility within the company, the greater the percentage of such executive officer's compensation should be tied to the company's performance.

The compensation committee, which is comprised solely of independent, non-employee board members, has the authority and responsibility to establish the overall compensation strategy for the company, including reviewing, analyzing and approving the compensation structure for our Chief Executive Officer, other executive officers and other key employees each year; and administer our incentive compensation and benefit plans, 401(k) plan and employee stock purchase plan. The compensation committee regularly updates our board of directors. Messrs. Seligsohn, Seroussi and Traub, and Ms. Paul are the members of the compensation committee with Mr. Seroussi as the Chairman.

Executive Compensation Practices at a Glance

<u>What We Do</u>	<u>What We Do Not Do</u>
Pay for Performance under Our Executive Bonus Plan and Rigorous Goals: We link pay to performance and stockholder interests by establishing annual executive bonus plans based on financial metrics and strategic performance goals established in advance by the compensation committee. Such performance goals are rigorous as evident by the fact that in the last three years, the bonuses of both Messrs. Elyakim and Levy have significantly declined (see the "2018 Summary Compensation Table" set forth in this proxy statement) due to failure of the company to achieve certain business metrics set in the plans.	No "Single Trigger" Severance Payments or Golden Parachute Arrangements: We do not have "single trigger" severance payments owing solely on account of the occurrence of a change of control event. We do not have any golden parachute arrangements.
PSU Grant to Our CEO: Greater than 50% of the long-term incentive award granted to our CEO in 2019 is in the form of performance-based restricted stock units that vest based solely on the company's performance of goals and objectives set in advance by the compensation committee for a three-year performance period. Similar to the 2019 executive bonus plan applicable to the CEO, we believe the goals and objectives under the PSU grant are rigorous.	No Guaranteed Bonuses: We do not provide guaranteed minimum bonuses or uncapped incentives under our annual executive bonus plans.
EBITDA Goal as a Component of Performance-Based Bonus Plan: Our compensation committee believes that EBITDA is an important business metric that measures the company's operating income which is an important indicator of a company's financial condition.	No Tax Gross-Ups: We do not provide tax gross-ups.
No Bonus based on Performance-Based Criterion if EBITDA Goal Is Not Met: Notwithstanding the achievement of the other performance-based criterion under the executive bonus plans, our compensation committee has determined that no bonus would be payable to either of the executive officers, except for the 20% portion that is within the discretion of the compensation committee, if the company fails to meet the specified EBITDA goal under the plans.	No Re-Pricing of Equity Awards: Our equity plans prohibit repricing of equity awards without stockholder approval.
Compensation Recoupment Policy: Our policy may require an executive officer, or other key employees as our board deems appropriate, in the event of a financial restatement, due to gross negligence or willful misconduct, to reimburse the company with respect to any incentive compensation (including cash and equity awards) received during the past three years that is in excess of that which would have been received if such compensation had been based upon the financial statements as so restated.	No Nonqualified Defined Contribution or Other Deferred Compensation Plan. We do not have any such plans.
Stock Ownership Guidelines: Our executive officers and directors are subject to minimum stock ownership guidelines tied to a multiple of their respective annual base salaries or board retainers.	No Special Perquisites or Retirement Benefits: We do not provide special perquisites or retirement benefits to our Israeli executive officers that are not generally made available to all of our Israeli employees.
Capped Incentives under Our Annual Executive Bonus Plan. Our annual executive bonus plans are capped for our executive officers, which cap is tied to their base salary for the relevant year.	No Pledging of Company Securities: Our executive officers and directors are prohibited from engaging in any pledging transaction with respect to company equity securities without written approval by the compliance officer under our insider trading policy.
Equity Awards Generally Four-Year Vesting. Generally, all of our equity award grants to our executive officers are subject to a four year vesting schedule.	No Hedging in Company Securities: Our executive officers and directors are prohibited from engaging in any hedging transaction with respect to company equity securities without written approval by the compliance officer under our insider trading policy.
Conservative Approach on Base Salary Increases. We align base salaries with strong pay-for-performance orientation and market survey information. Until 2017, our executive officers had a base salary freeze for four years.	
Thorough Compensation Risk Assessment: Our compensation committee conducts an annual assessment of the company's executive and broad-based compensation programs to ensure prudent risk management.	
Compensation Committee Independence and Experience: Our compensation committee is comprised solely of independent directors who have extensive experience.	
Independent Compensation Advisor: Our compensation committee has the authority to select and engage its own independent advisor.	

Role of Chief Executive Officer in Compensation Decisions

Mr. Elyakim, our Chief Executive Officer, reviews the performance of each executive officer (other than himself) and provides recommendation to the compensation committee. The assessment by Mr. Elyakim of the performance of each executive officer, and the individual and corporate performance of each executive officer and his conclusions thereon, including with respect to salary adjustments and annual award amounts, are then presented to the compensation committee in connection with the committee's annual review of each executive officer's total compensation. While the committee considers Mr. Elyakim's recommendations, it independently evaluates the recommendations and makes all final compensation decisions.

Role of Compensation Consultants in Compensation Decisions

The charter of the compensation committee authorizes the committee to engage the services of consultants to assist in the determination of the compensation of our executive officers and directors. In October 2018, the compensation committee engaged the services of Compensia, Inc. to review and provide the committee with general comparative information about director compensation programs of peer companies, including cash retainers and equity awards; general observations about executive officer compensation practices, including equity awards; and "best practices" for aligning executive and director interests with that of stockholders. Compensia was requested to provide comparative data relating to executive officer and independent director compensation. Compensia's engagement had no bearing on the 2018 executive compensation matters. However, Compensia's analysis and guidance were considered for purposes of the compensation committee's determination of the 2019 executive and board compensation matters. Compensia was paid an aggregate fee and expenses of approximately \$16,000 for their services in 2018. Compensia was not engaged for any other services relating to the company in 2018 or 2019 to date. No member of the compensation committee or management has any affiliation with Compensia.

Separately, the compensation committee also reviewed base salary and annual equity award information for executive officers resident in Israel from Zviran, Israel's leading consulting firm in the space of compensation and employee benefits, to better understand executive compensation and retention matters specific to the Israeli market since our executive officers are located in Israel. Zviran was paid an aggregate fee of approximately \$2,000 for the data in 2018. No member of the compensation committee or management has any affiliation with Zviran.

Principal Elements of Executive Compensation

Compensation of our executive officers consists of three principal components: base salary, bonus payable pursuant to the terms of a performance-based plan, and long-term incentive compensation consisting of grants of restricted stock units and performance-based restricted stock units. The overall compensation of our executive officers is set by the compensation committee, in consultation with the board of directors, after an annual review by the compensation committee of each executive officer's overall performance for the prior year and the overall performance of the company for the prior year and the individual executive officer's contributions to the long term success of the company.

Base Salary. The base salaries of our executive officers are set by the compensation committee. When setting base salary levels, the compensation committee considers competitive market conditions for executive compensation, the company's performance, the performance of the individual executive officer for the then completed year and any promotion or other change in job responsibility of the individual executive officer. The determination of the base salaries of the executive officers is discretionary; while the overall performance of an executive officer is considered in setting base salary, no specific goals are considered and no specific weight is given to any particular goal achieved or any other factor by the compensation committee in its annual review. Until the base salary increase in 2017, our executive officers had a base salary freeze for four years. There were no increases to the annual base salaries of each of Messrs. Elyakim and Levy in 2018.

To address the feedback we received during our engagement with our stockholders in 2018, we provide below in greater detail than the prior year, the parameters of the 2018 performance-based bonus plan, as well as the goal setting process and rationale of the compensation committee in establishing the 2018 and 2019 performance-based executive bonus plans.

2018 Performance-Based Bonus Plan Payment

In March 2018, the compensation committee approved a 2018 performance-based bonus plan applicable for our Chief Executive Officer and Chief Financial Officer. The plans were effective from January 1, 2018 to December 31, 2018. The payment of bonuses under the 2018 performance-based bonus plan were based upon the company's achievement of four separate components, three of which were based on business objectives and one was at the discretion of the compensation committee. The compensation committee believed each business objective component of the plans was rigorous. Each component under our 2018 performance-based bonus plan had a specified weighting and such weighting differed among the plans in consideration of each executive officer's responsibilities within the company. No bonus was payable based on the achievement of the business objective components if the company's 2018 earnings before interest, taxes, depreciation and amortization ("EBITDA"), excluding any non-recurring charges as determined by the compensation committee, were less than \$2.5 million, a specified amount determined by the compensation committee.

The cap for the bonus payout under the 2018 performance-based bonus plan for the Chief Financial Officer was 1.2x of his annual base salary and the cap for the Chief Executive Officer under the plan was 2.0x of his annual base salary.

Other than under the circumstances whereby there was a change of control transaction involving the company or termination of employment under specified circumstances as set forth in the relevant employment agreement, payment of bonuses (if any) under the 2018 performance-based bonus plans were to be made in 2019. Any such bonuses were to be paid in cash in a single lump sum, subject to payroll taxes and tax withholdings.

In the event of termination of employment of the Chief Executive Officer or Chief Financial Officer during 2018 by (i) either one of them (X) after complying with the advance notice provision in his respective employment agreement, or (Y) for good reason (as defined in his respective employment agreement), or (ii) the company without cause (as defined in his respective employment agreement), the bonus under their respective plan would have been determined on the following basis: (a) all numbers under the "Target" column of the plan would have been reduced by a percentage equal to the percent of the year remaining after the date of termination of employment, (b) all non-numerical requirements under the "Target" column of the plan would have remained unchanged, (c) the 1.2 and 2.0 multiplier under the "Target" column of the plan would have remained multiplied by their respective annual base salary for the part of the year prior to the date of termination of employment, and (d) the maximum bonus payable under the discretionary bonus component would have been 40% and 24% of the annual base salary of the Chief Executive Officer and Chief Financial Officer, respectively, for the part of the year prior to the date of termination of employment.

2018 Performance-Based Bonus Plan Payment

In February 2019, the compensation committee approved a payment of \$91,000 and \$40,000 to each of Messrs. Elyakim and Levy, respectively, pursuant to the terms of the 2018 performance-based bonus plans. A majority of the business goals under the plans were not met but a portion of the non-cordless revenues goal under the plans were met and therefore Messrs. Elyakim and Levy received \$25,000 and \$10,800, respectively for this portion of the bonus. The remainder of the bonus amounts paid to Messrs. Elyakim and Levy, of \$66,000 and \$29,200, respectively, represented the discretionary component of the plans. These payments are consistent with the target amounts payable under the discretionary component of the plans, and are 50% of the maximum amount payable under the discretionary component of the plan. The compensation committee determined the amount of the payment for the discretionary component after consideration of a variety of factors relating to the company's and the executive officer's performance in 2018, including the pipeline of potential tier-one customers, growth in new product revenues, improving gross margins and the improved positioning of the company for 2019.

2019 Performance-Based Bonus Plan

In February 2019, the compensation committee approved a 2019 performance-based bonus plan applicable for our Chief Executive Officer and Chief Financial Officer. Each of the plans is effective from January 1, 2019 to December 31, 2019. Pursuant to the plans, the payment of bonuses is based upon the company's achievement of three separate components, two of which are based on business objectives and one is at the discretion of the compensation committee. Each component has a specified weighting, and each plan has different weightings based on the responsibilities of the executive officers within the company. No bonus would be payable based on the achievement of the business objective components if the company's 2019 EBITDA, excluding any non-recurring charges to be determined by the compensation committee, is less than a specified amount set forth in the plans as determined by the committee; provided the discretionary component remains at the committee's discretion. The compensation committee retained the discretionary component in the 2019 performance-based bonus plans because the committee believes it is important to incentivize the executive officers to position the company for future success and such initiatives may not necessarily be reflected in the quantitative financial goals in any given year. Additionally, the committee wants the flexibility to consider payment of a bonus based on the achievement of a target which was not part of the original performance-based bonus criteria but is of critical importance to the positioning of the company for future success and stockholder value enhancement. The compensation committee applies rigorous analysis in assessing performance against these criteria when determining how much, if any, discretionary bonus is to be paid.

The cap for the bonus payout under the plan for the Chief Financial Officer is 1.4x of his annual base salary and the cap for the Chief Executive Officer under the plan is 2.0x of his annual base salary.

Other than under the circumstances whereby there is a change of control transaction involving the company, or termination of employment under specified circumstances as set forth in the employment agreement, payment of bonuses (if any) under the plans is to be made in 2020. Any such bonuses would be paid in cash in a single lump sum, subject to payroll taxes and tax withholdings.

In the event of termination of employment of the Chief Executive Officer or Chief Financial Officer during 2019 by (i) either one of them (X) after complying with the advance notice provision in his respective employment agreement without cause (as defined in their respective employment agreement), the bonus under their respective plan would be determined on the following basis: (a) all numbers under the "Target" column of the plan would be reduced by a percentage equal to the percent of the year remaining after the date of termination of employment, (b) all non-numerical requirements under the "Target" column of the plan would remain unchanged, (c) the 1.0 and 2.0 multiplier for the Chief Executive Officer and the 0.7 and 1.4 for the Chief Financial Officer under the "Target" column of the plan would be multiplied by their respective annual base salary for the part of the year prior to the date of termination of employment, and (d) the bonus payable under the discretionary bonus component would be 40% and 28% of the annual base salary of the Chief Executive Officer and Chief Financial Officer, respectively. In the event of a "change of control" (as defined in their respective employment agreements), the Chief Executive Officer and Chief Financial Officer shall be entitled to an annual bonus at target of 1.0 and 0.7, respectively.

20%	Compensation Committee Discretion	Compensation committee will rigorously evaluate whether to pay this component of the bonus based on objective measurements based primarily on the committee's evaluation of how management has performed in positioning the company for future success and stockholder value enhancement. Additionally, the committee may consider the achievement of an objective business target which was not part of the original performance-based bonus criterion but is nonetheless of critical importance to the positioning of the company for future success and stockholder value enhancement. The discretionary bonus is in the range of 0% to 40% of annual salary.

The discretionary bonus is in the range of 0% to 28% of annual salary.	

Due to their strategic significance, the company believes that the disclosure of the 2019 Revenue Target and 2019 EBITDA Target at the current time would cause future competitive harm to the company and therefore are not disclosed. Nonetheless, to address the feedback we received during our engagement with our stockholders in 2018, the company will provide additional information about the 2019 executive bonus plans in its proxy statement for the 2020 annual meeting of stockholders.

Long-term Incentive Compensation. Grants of stock options, stock appreciation rights and restricted stock units are made from time to time to our employees, including executive officers, whose contributions have or will have a significant impact on our long-term performance. We believe that the grant of stock options, stock appreciation rights and restricted stock units (1) align our executive officers' interests with stockholder interests by creating a direct link between compensation and stockholder return; (2) give executive officers a significant, long-term interest in our success; and (3) help retain key executive officers in a competitive market for executive talent. In the past few years, the company discontinued the grant of stock options and stock appreciation rights to executive officers and a majority of the company's other employees in consideration of the dilutive effect of such equity award grants. In 2018, we provided long-term awards to our executive officers through the grant of only restricted stock units.

Compensation of Chief Executive Officer. The compensation committee's determination of Mr. Elyakim's remuneration generally was based upon methods consistent with those used for the other executive officers.

Equity Incentive Programs

We intend that our equity incentive awards be the primary vehicle for offering long-term incentives and rewarding our executive officers and key employees. We also regard our equity incentive awards as a key retention tool. This is a very important factor in our determination of the type of award to grant and the number of underlying shares that are granted in connection with that award.

Types of Equity Awards. Equity incentive awards are granted based upon the compensation committee's annual review of each executive officer's performance for the prior year. The size of each grant is generally set at a level that the compensation committee deems appropriate to create a meaningful opportunity for stock ownership, the individual's position within the company and the individual's potential for future responsibility and promotion. In the grant of awards, the compensation committee further considers the executive officer's past performance, the total compensation being paid to the executive officer, the number of equity awards granted to the executive officer during previous years, the value of such awards and the vesting status of such awards, and the comparability with equity awards made to our other executive officers and similarly situated executive officers at peer companies. All equity awards are made at the fair market price at the time of the grant of the awards. The determination for the grant of equity incentive awards is discretionary; no specific goals are considered and no specific weight is given to any particular goal achieved or any other factor, other than those mentioned above, by the compensation committee.

2018 Equity Award to Executive Officers. In February 2018, the compensation committee granted to Messrs. Elyakim and Levy 70,000 and 30,000 restricted stock units, respectively. The 2018 restricted stock unit grants vest over a four year period from the grant date with 25% of the restricted stock units granted vesting on the first anniversary of the grant date and 6.25% vesting each quarter thereafter.

2019 Equity Award to Executive Officers. In February 2019, the compensation committee granted to Messrs. Elyakim and Levy 60,000 and 36,000 restricted stock units, respectively. The 2019 restricted stock unit grants vest over a four year period from the grant date with 25% of the restricted stock units granted vesting on the first anniversary of the grant date and 6.25% vesting each quarter thereafter.

In addition, in response to the feedback we received from stockholders in 2018, the compensation committee in February 2019 granted 80,000 performance-based stock units (the “PSU Grant”) to Mr. Elyakim based on the following parameters that the compensation committee set in 2019. The performance-based stock units represented greater than 50% of the long-term incentive award granted to Mr. Elyakim in 2019. The parameters are deemed rigorous by the compensation committee. Due to the rigorous nature of such parameters and the desire to motivate Mr. Elyakim to achieve long-term growth for the company, the compensation committee devised the plan for Mr. Elyakim’s performance-based restricted stock units to span 3 years.

Criteria

Performance Criteria I: aggregate growth initiative (SmartVoice, Office/VoIP, SmartHome and other newly added products) revenues meet or exceed a specified target amount of revenue growth during any of fiscal years 2020 to 2022 (inclusive), as determined by the compensation committee in 2019.

Performance Criteria II: aggregate growth initiative (SmartVoice, Office/VoIP, SmartHome and other newly added products) revenues meet or exceed a specified revenue amount for the fiscal year 2020 determined by the compensation committee in 2019.

0% of PSU Grant if Performance Criteria I is not met during any of fiscal years 2020 to 2022 (inclusive).

50% of PSU Grant if Performance Criteria I is met during any of fiscal years 2020 to 2022 (inclusive). Vesting occurs immediately after the company’s auditors complete its audit of the company’s financial results for the then completed fiscal year.

100% of PSU Grant if 2020 Performance Criteria II is met. Vesting occurs immediately after the company’s auditors complete its audit of the company’s financial results for fiscal year 2020.

In the event that 2020 growth initiative revenue exceeds Performance Criteria I, and is less than Performance Criteria II, the total number of performance-based restricted stock units to vest will be as follows $(40,000 + (\text{actual growth initiative revenue} - \text{Growth initiative revenue set forth in Performance Criteria I}) / (\text{the difference in revenues between Performance Criteria I and Performance Criteria II}) * 40,000)$.

In the event of a termination by the company “without cause” (as defined in Mr. Elyakim’s employment agreement) or resignation by Mr. Elyakim for “good reason” (as defined in Mr. Elyakim’s employment agreement) that is either within 6 months prior to, or 12 months following, a “change of control” (as defined in Mr. Elyakim’s employment agreement) prior to December 31, 2022, Mr. Elyakim would be entitled to receive that number of performance-based restricted stock units under his award based on the deemed achievement of Performance Criteria I at 100%.

Timing of Grants. Equity incentive awards to our executive officers and other key employees are typically granted annually in conjunction with the compensation committee’s review of their individual performance during the prior year. Equity awards are not necessarily granted to each employee every year. Grants of equity awards to newly hired executive officers who are eligible to receive them generally are made at the next regularly scheduled compensation committee or board meeting following their hire date.

Vesting Schedule of Grants. Other than performance-based restricted stock units, equity incentive awards to our executive officers and other key employees typically have a vesting schedule whereby 25% of the award vest on the first anniversary of the grant date and the remainder vest 6.25% each quarter thereafter, with vesting completed after four years.

Stock Ownership Guidelines. In October 2013, the board adopted a set of stock ownership guidelines for directors and executive officers so as to align this group's interests with those of our stockholders.

Directors. Pursuant to the guidelines, directors are required to own (personally and collectively with members of the director's immediate family or with family trusts), within five years following the later of (a) his or her first election or appointment to the board, or (b) October 31, 2013, an amount of common stock valued at the lesser of its purchase price or its fair market value (measured on October 31st of each year) equal to at least three times the total annual retainer cash compensation paid by the company for board service (excluding for this purpose compensation that is not paid to all independent directors, such as compensation for committee or chair service). For purposes of this ownership guideline, unvested restricted stock or restricted stock units, and vested and unvested stock options would not be considered when determining a director's stock ownership. Until such time as a board member reaches his or her share ownership minimum, such board member would be required to hold at least 50% of the shares of common stock received upon lapse of the vesting restrictions pursuant to equity awards (net of any shares utilized to pay for the exercise price of the equity award and tax withholding). This ownership requirement may be waived by the board in individual cases, depending on the financial circumstances of a director, as determined in the discretion of the board.

Executive Officers. Pursuant to the guidelines, the named executive officers of the company are required to own (personally and collectively with members of the executive officer's immediate family or with family trusts), within five years following the later of (a) his or her first appointment as an executive officer, or (b) October 31, 2013, an amount of common stock valued at the lesser of its purchase price or its fair market value (measured on October 31st of each year) equal to at least three times the annual base salary for the Chief Executive officer or at least one times the annual base salary for the Chief Financial Officer.

Holding/Retention Periods for Equity Awards. Although there is no specific holding or retention period for equity awards made to the named executive officers; effectively, in order to comply with the company's stock ownership guidelines and assuming no future grant of equity awards, each executive officer has to hold a portion of their previously granted equity awards to satisfy the ownership guidelines.

Retirement Benefits and Perquisites

We do not offer any retirement benefits to our Israeli-based executive officers except for social benefits required pursuant to Israeli labor laws, or are common practice in Israel and are generally available to all Israeli employees. Specifically, based on Israeli labor laws, an Israeli employee is entitled to severance pay upon termination of employment for any reason, including retirement, based on the most recent monthly salary of such employee multiplied by the number of years of employment of such employee. We make a payment of 8.333% of each employee's monthly base salary to an insurance or pension fund to pay for this future liability owed to Israeli employees upon termination of their employment. In addition, we make a payment of up to 6.5% of each employee's monthly base salary to another insurance or pension fund, which accrued amount may be withdrawn by the employee after retirement or, subject to various tax restrictions in Israel, after leaving our employment. Also, as is customary in Israel applicable to all Israeli employees, we provide our Israeli employees with a certain amount of monthly contributions (7.5% of their base salary) for the benefit of each employee's study and training purposes. The amounts of the above referenced benefits contributed by us to each of the named executive officers in 2018 are specified in the summary compensation table of the proxy statement.

We currently do not provide any material retirement benefits or perquisites to our executive officers that are not generally available to our employees.

Employment Agreements and Post-Termination Protection

The compensation committee recognizes that, from time to time, it is appropriate to enter into agreements with certain key employees to ensure that we continue to retain their services and to promote stability and continuity within our company. Moreover, employment agreements are generally customary for employees residing in Israel. We have entered into employment agreements with our named executive officers. The varied terms of their employment agreements reflect the importance of retaining their services and their potential contributions to the attainment of our long-term goals. None of the employment agreements with our named executive officers provide for tax gross ups and none includes any “single trigger” change-in-control provisions. The employment agreements with our named executive officers are described in the employment agreements section of the proxy statement.

Tax and Accounting Treatment of Compensation

Prior to the tax reform as noted below, Section 162(m) of the Internal Revenue Code, generally disallows a tax deduction to publicly held companies for compensation exceeding \$1 million paid to certain of the company’s executive officers resident in the U.S. The limitation applies only to compensation which is not considered to be performance-based. The compensation committee reserves the right to use its judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) of the Internal Revenue Code when the committee believes that such payments are appropriate and in the best interests of our stockholders, after taking into account changing business conditions or the executive officer’s performance. In addition, the compensation committee cannot ensure that compensation intended to qualify for deductibility under Section 162(m) will in fact be deductible because: (1) a number of requirements must be satisfied in order for the compensation to qualify; and (2) uncertainties as to the application and interpretation surrounding this section currently exist.

However, on December 22, 2017, the U.S. federal government enacted the Tax Cuts and Jobs Act, which substantially modifies the Code and, among other things, does away with compensation deductibility under Section 162(m). Nonetheless, since the prior Section 162(m) was not applicable to our current executive officers, the new Tax Cuts and Jobs Act does not have any material impact on the company.

2018 “Say on Pay” Advisory Vote on Executive Compensation

Our stockholders provide an advisory vote annually on executive compensation. At our 2018 annual meeting of stockholders, approximately 67.1% of the votes cast in the “say on pay” advisory vote were “FOR” approval of our executive compensation. The compensation committee considered the 2018 vote results and took such results into consideration for our executive compensation policies and decisions in 2019, including the grant of performance-based restricted stock units to Mr. Elyakim and additional disclosure detailing the parameters of the executive bonus plans.

Stockholder Engagement and Responsiveness to 2018 “Say on Pay” Vote

Following the results of the advisory, non-binding vote on the compensation of our named executive officers held at our 2018 annual meeting of stockholders, we launched a comprehensive stockholder engagement campaign in order to gain a better understanding of our stockholders’ concerns and to identify areas for improvement within our executive compensation program. Furthermore, we examined the reports and analyses issued by the principal proxy advisory services, including Institutional Shareholder Services, and engaged a proxy advisory firm, Compensia Inc. in October 2018 to advise the compensation committee when it considered the executive officer compensation programs for 2019.

In accordance with the importance that our board of directors placed on stockholder engagement, the board specifically requested our Chairman of the board, Kenneth Traub, to conduct the outreach.

We commenced our stockholder outreach efforts in May of 2018, prior to our 2018 annual meeting. Our Chairman reached out to our 20 largest stockholders (who at the time owned approximately 68% of our issued and outstanding common stock) and offered to listen to their perspectives and concerns, if any, regarding our compensation practices and policies. Stockholders, who at the time owned approximately 56% of our issued and outstanding common stock, engaged with Mr. Traub and provided him with their perspectives and viewpoints.

We welcomed the feedback we received during our engagement with our stockholders. A number of our stockholders had similar reactions to our compensation programs and provided instructive feedback for how we might improve those programs. The concerns fell into two categories, (i) long term incentive awards should be more performance based, and (ii) improving transparency for the performance goals for our executive team. Mr. Traub provided periodic updates to the compensation committee and the board following his discussions with stockholders, and the compensation committee and the board resolved to address these concerns in its compensation and disclosure practices going forward. Based on stockholder and advisor feedback, we elected to make design changes that we believe better align our named executive officer compensation programs with current best practices and better reflect the interests of our stockholders. In February 2019, our compensation committee approved those compensation design changes which became effective for the 2019 performance year.

Our primary focus for 2019 was to ensure that executive pay decisions were more transparent and performance-based than 2018. The table below describes what we heard from our stockholders in 2018 and how we implemented improvements to achieve those goals beginning in 2019.

<i>What We Heard</i>	<i>How We Responded</i>
Long-term incentive awards should be more performance-based	Greater than 50% of our Chief Executive Officer’s annual equity grant in 2019 is in the form of performance-based stock units based on a three-year performance period.
More transparency in the performance goals for our executive officer bonus plans	We enhanced disclosure of our goal setting process and the goals in our executive bonus plans at the end of each performance cycle.

Anti-Pledging / Hedging Policy

Pursuant to the company’s insider trading policy, all employees of the company, including executive officers, are prohibited from engaging in short-term or speculative securities transactions with respect to our common stock, such as short sales, puts, calls and other exchange-traded derivatives, without prior consent of our compliance officer. Executive officers must also advise and discuss with our compliance officer the purchase of our securities on margin or holding our securities in a margin account or the pledging of our securities prior to engaging in such transactions. No executive officer has been approved for any transaction described in this paragraph, and we currently do not have any executive officers or directors with pledged company shares.

Compensation Recoupment Policy

The company has a compensation recoupment policy that applies to executive officers and other key employees as the board deems appropriate if the company is required to restate its financial statements. The board believes it is desirable and in the best interests of the company and its stockholders to maintain and enhance a culture that is focused on integrity and accountability and believes that this policy discourages conduct detrimental to the company’s sustained growth. This policy requires any executive officer and other key employees as the board deems appropriate in the event of a financial restatement, due to gross negligence or willful misconduct, to reimburse the company with respect to any incentive compensation (including cash and equity awards) received during the past three years that is in excess of that which would have been received if such compensation had been based upon the financial statements as so restated.

Compensation Policies and Practices and Risk Management

Our compensation committee considers potential risks when reviewing and approving the compensation programs for our executive officers and other employees. We have designed our compensation programs, including our incentive compensation plans, with specific features to address potential risks while rewarding employees for achieving long-term financial and strategic objectives through prudent business judgment and appropriate risk taking. The following elements have been incorporated in our programs available for our executive officers:

- **A Balanced Mix of Compensation Components** - The target compensation mix for our executive officers is composed of base salary, annual cash bonus incentives and long-term equity awards.
- **Multiple Performance Factors** - Our incentive compensation plans use both company-wide financial metrics and strategic initiatives, which encourage focus on the achievement of objectives for the overall benefit of the company.
- **Capped Cash Incentive Awards** – 2018 annual cash bonus incentive awards were capped at 2.0x of our chief executive officer’s base salary and 1.2x for our chief financial officer’s base salary.
- **Multi-Year Vesting** - Equity awards vest over multiple years requiring long-term commitment on the part of employees.
- **Competitive Positioning** - The compensation committee has compared our executive compensation to our peers to ensure our compensation program is consistent with industry practice.
- **Corporate Governance Programs** - We have implemented corporate governance guidelines, a code of conduct, a compensation recoupment policy and other corporate governance measures and internal controls.

The compensation committee also reviews the key design elements of our compensation programs in relation to industry practices, as well as the means by which any potential risks may be mitigated, such as through our internal controls and oversight by management and the board. Based on this review, our compensation committee concluded that based on a combination of factors, our compensation policies and practices do not incentivize excessive risk-taking that could have a material adverse effect on our company.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with our management. Based on its review and discussions, the committee recommended to our board of directors that the Compensation Discussion and Analysis be included in this report.

- (1) There was no base salary increase from 2017 to 2018 for either Messrs. Elyakim or Levy. The difference in base salaries from 2017 to 2018 for both reflects the fact that the 2017 base salary increase was effective from February 2017 whereas the 2018 base salary was reflective of full year 2018.
- (2) The amounts shown in this column are payments pursuant to the performance-based bonus plans. The performance goals under such plans are determined by the compensation committee of the board and communicated to the executive officers when such goals are established. The performance goals are rigorous and the outcome of such goals are substantially uncertain at the time the goals are established.
- (3) The amounts shown in this column do not reflect compensation actually received by the named executive officer. Instead, the amounts represent the aggregate grant date fair value of the awards based on FASB ASC No. 718, “Stock Compensation” (“FASB ASC No. 718”). In addition, the amounts shown in this column include the benefit provided to our named executive officers under our 1993 employee stock purchase plan, which is derived mainly from a discount of 15% to fair market value when share purchases are made during the purchase period under the plan. The above benefit is available to all eligible employees.
- (4) See the table captioned “2018 All Other Compensation” below for greater detail.

*Base salary of Mr. Levy is denominated in New Israeli Shekel (NIS). The NIS amounts are translated into U.S. dollar at the average annual exchange rate of NIS 3.60, 3.60 and 3.84 into U.S. dollar for 2018, 2017 and 2016, respectively.

2018 All Other Compensation

The following table sets forth all other compensation awarded to, earned by or paid to each of our named executive officers during fiscal year 2018. In addition, we make a payment of up to 6.5% of each employee's monthly base salary to another insurance or pension fund, which accrued amount may be withdrawn by the employee after retirement or, subject to various tax restrictions in Israel, after leaving our employment. The amounts represent the above referenced contributions we made on behalf of each of the named executive officers in 2018.
- (2) As is customary in Israel applicable to all Israeli employees, we provide our Israeli employees with a certain amount of monthly contributions (7.5% of their base salary) for the benefit of each employee's study and training purposes, which amounts contributed by us to each of the named executive officers in 2018 are as specified.

- (2) The value realized on exercise is calculated by multiplying the number of shares of common stock acquired upon exercise by the sale price of our common stock on NASDAQ on the day of sale.
- (3) The amounts reported in this column are calculated by multiplying the number of shares received upon vesting by the closing market price of our common stock on the date of vesting of the restricted share unit.

Nonqualified Deferred Compensation

We do not provide any nonqualified defined contribution or other deferred compensation plans to our named executive officers.

CEO Compensation Pay Ratio

We believe our executive compensation program must be internally consistent and equitable to motivate our employees to create stockholder value. We monitor the relationship between the compensation of our executive officers and the compensation of our non-managerial employees. For 2018, the total compensation of Ofer Elyakim, our Chief Executive Officer, of \$1,369,988, as shown in the Summary Compensation Table above, was approximately 12.3 times the total cash compensation of a median employee calculated in the same manner of \$111,129.

Our CEO to median employee pay ratio is calculated in accordance with the SEC's rules pursuant to Item 402(u) of Regulation S-K. We identified the median employee by examining the 2018 total cash compensation for all individuals, excluding our CEO, who were employed by us on December 31, 2018, the last day of our payroll year. We included all employees, whether employed on a full-time, part-time, or seasonal basis. We did not make any assumptions, adjustments, or estimates with respect to total cash compensation. We believe the use of total cash compensation for all employees is a consistently applied compensation measure because we do not widely distribute annual equity awards to employees. In our calculation, we annualized the compensation for any full-time employees that were not employed by us for all of 2018.

Employment Agreements

Each of our named executive officers has a written employment agreement with us.

In connection with Ofer Elyakim's appointment as our Chief Executive Officer in July 2009, he entered into an employment agreement with DSP Israel, effective July 1, 2009. Mr. Elyakim's employment agreement was amended in January 31, 2011, May 16, 2011, November 5, 2012, March 5, 2013 and October 31, 2013. Mr. Elyakim's 2016 annual salary was \$300,000, subject to adjustment from time to time. In 2017, Mr. Elyakim's base salary was increased by 10% to \$330,000. In addition to any other bonus program approved by the board, Mr. Elyakim is eligible for a bonus under the terms of an annual performance-based bonus plan approved by the compensation committee of our board of directors. Pursuant to Mr. Elyakim's employment agreement, as amended, if Mr. Elyakim desires to terminate his employment with the company (which for purposes of Mr. Elyakim's employment agreement includes any subsidiary of the company) without good reason (as defined in his employment agreement), he will have to notify the company eighteen months in advance. Similarly, if the company desires to terminate Mr. Elyakim's employment with the company without cause, it will have to notify Mr. Elyakim eighteen months in advance. However, if the company wishes to terminate Mr. Elyakim's employment but fails to provide him with the eighteen-month advance written notice, Mr. Elyakim would be entitled to receive an amount equal to eighteen months of his then-effective salary. If the requisite advance notice of eighteen months is provided by Mr. Elyakim to the company if he desires to terminate his employment with the company without good reason, then: (i) all of his rights under his employment agreement would continue during the eighteen-month period, and (ii) all equity awards held by him prior to the termination of his employment with the company would accelerate and immediately vest eighteen months following the date of such requisite notice and be exercisable in whole or in part at any time from the date of the vesting of the respective equity awards for a period of two years. In addition, if Mr. Elyakim's employment with the company is terminated by (i) the company following a change in control (as defined in his employment agreement); (ii) Mr. Elyakim for good reason; or (iii) the company without cause (as defined in his employment agreement), all of Mr. Elyakim's rights under his employment agreement would continue for eighteen months and all equity awards held by Mr. Elyakim would accelerate and immediately vest and be exercisable in whole or in part at any time for two years following the termination of his employment. Furthermore, if Mr. Elyakim's employment is terminated by the company without cause, by Mr. Elyakim for good reason, or by Mr. Elyakim without good reason after providing the requisite notice of eighteen months in advance, Mr. Elyakim shall be paid a pro-rata portion of any performance-based bonus for the year in which his full-time employment is terminated.

In June 2002, in connection with Dror Levy's initial employment as our Controller, he entered into an employment agreement with DSP Israel. No further agreement was entered into with Mr. Levy when he became our Chief Financial Officer. Mr. Levy's employment agreement was amended in January 31, 2011, May 16, 2011, November 5, 2012, March 5, 2013 and October 31, 2013. Mr. Levy's salary is determined in NIS. Based on December 31, 2016 exchange rate between the U.S. dollar and NIS, Mr. Levy's 2016 annual salary was approximately \$208,000. In 2017, Mr. Levy's base salary was increased by 10% in NIS from 800,000 to 880,000 (\$235,000 based on December 31, 2018 exchange rate between the U.S. dollar and NIS). In addition to any other bonus program approved by the board, Mr. Levy is eligible for a bonus under the terms of an annual performance-based bonus plan approved by the compensation committee of our board of directors. Pursuant to Mr. Levy's employment agreement, as amended, if Mr. Levy desires to terminate his employment with the company (which for purposes of Mr. Levy's employment agreement includes any subsidiary of the company) without good reason (as defined in his employment agreement), he will have to notify the company one year in advance. Similarly, if the company desires to terminate Mr. Levy's employment with the company without cause, it will have to notify Mr. Levy one year in advance. However, if the company wishes to terminate Mr. Levy's employment but fails to provide him with the one-year advance written notice, Mr. Levy would be entitled to receive an amount equal to one year of his then-effective salary. If the requisite advance notice of one year is provided by Mr. Levy to the company if he desires to terminate his employment with the company without good reason, then: (i) all of his rights under his employment agreement would continue during the one-year period, and (ii) all equity awards held by him prior to the termination of his employment with the company would accelerate and immediately vest one year following the date of such requisite notice and be exercisable in whole or in part at any time from the date of the vesting of the respective equity awards for a period of one year. In addition, if Mr. Levy's employment with the company is terminated by (i) the company following a change in control (as defined in his employment agreement); (ii) Mr. Levy for good reason; or (iii) the company without cause (as defined in his employment agreement), all of Mr. Levy's rights under his employment agreement would continue for one year and all equity awards held by Mr. Levy would accelerate and immediately vest and be exercisable in whole or in part at any time for one year following the termination of his employment. Furthermore, if Mr. Levy's employment is terminated by the company without cause, by Mr. Levy for good reason, or by Mr. Levy without good reason after providing the requisite notice of one year in advance, Mr. Levy shall be paid a pro-rata portion of any performance-based bonus for the year in which his full-time employment is terminated.

DIRECTOR COMPENSATION

We use a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on our board. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties to the company as well as the skill-level we require of members of our board.

Our stock ownership guidelines applicable for our directors are discussed in the Compensation Discussion and Analysis section of this proxy statement.

Cash Compensation Paid to Board Members

Directors who are also employees do not receive any additional compensation for their services as directors.

In 2018, directors who are not employees receive an annual retainer of \$35,000 with no per meeting fees except that a fee of \$1,000 would be payable for each in-person board meeting attended in a year in excess of six meetings but not more than ten meetings. The Chairman of the board receives an additional annual retainer of \$20,000. The annual retainers for the Chairman and members of the audit committee are \$20,000 for the Chairman and \$8,000 for the members. The annual retainers for the Chairman and members of the compensation committee are \$11,000 for the Chairman and \$5,000 for the members. The annual retainers for the Chairman and members of the nomination and corporate governance committee are \$7,500 for the Chairman and \$4,000 for the members. In November 2018, the compensation committee, after its engagement of independent compensation consultant, Compensia, Inc., and its review of the market trends relating to board compensation provided by Compensia, approved an increase from \$20,000 to \$30,000 in cash retainer to the chairman of the board, effective starting in 2019. Additionally, starting in 2019, the per meeting fees were eliminated.

All annual cash retainers are paid on a quarterly basis and in the event a committee member or chair does not serve for the entire period between annual meetings of stockholders, his or her annual cash retainer would be prorated based on the period served. All directors were reimbursed for expenses incurred in connection with attending board and committee meetings.

Equity Award Program

Each of our non-employee directors is entitled to participate in the director subplan of our 2012 Equity Incentive plan (the “2012 plan”). The director subplan provides for the grant of equity awards to our non-employee directors.

In 2018, each of our non-employee directors is granted automatically under the director subplan of the 2012 plan on January 1st of each year 8,000 stock options and 4,000 restricted stock units, all of which would fully vest at the end of one year from the grant date. If a director is appointed for a term commencing during a calendar year, the director would be granted stock options and restricted stock units on the date of appointment and the number of stock options and restricted stock units granted would be based upon the number of days remaining in the calendar year following the date such person was nominated as a director.

In November 2018, based on the review of the market trends relating to board equity awards provided by Compensia, the compensation committee approved a new equity award arrangement for directors. Starting in 2019, the mix of options and restricted stock units awarded to directors was eliminated and in lieu therefore only restricted stock units are granted to directors with a one-year vesting period and a value of \$100,000 with the exact number of restricted stock units to be based on a 30-day average closing price of the Corporation's common stock prior to the RSU grant date.

The following table sets forth the compensation paid to each of our non-employee directors during fiscal year 2018.

PROPOSAL NO. 2

APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE AMENDED AND RESTATED 2012 EQUITY INCENTIVE PLAN

General

Our stockholders are being asked to approve an amendment and restatement of our Amended and Restated 2012 Equity Incentive plan (the “2012 plan”). The proposed amendment and restatement of the 2012 plan will increase the number of shares reserved for issuance under the 2012 plan from 3,750,000 shares to 5,250,000 shares (and will increase the number of shares that may be used for incentive stock options from 1,025,000 shares to 1,300,000 shares). The purpose of amending and restating the 2012 plan is to enable us to continue to attract and retain the best available personnel, including employees and directors, by offering them participation in the 2012 plan.

Our board of directors has approved the proposed amendment and restatement of the 2012 plan as described above. We believe strongly that the approval of the amendment and restatement of the 2012 plan is essential to our success. Our employees are our most valuable assets. Stock options and the other awards permitted under the 2012 plan are vital to our ability to attract and retain outstanding and highly skilled employees, especially in the competitive labor markets in which we compete. These awards also are crucial to our ability to motivate employees to achieve our goals. The terms of the 2012 plan are designed to allow the Company to continue to attract, retain and motivate people whose skills and performance are critical to the Company’s success. We will continue to monitor the environment in which we operate and make changes to our equity compensation program to help us meet our goals, including achieving long-term stockholder value. Subject to stockholder approval, we plan to register the additional 1,500,000 shares reserved under the 2012 plan on a Registration Statement on Form S-8.

As of April 9, 2019, the closing sales price of a share of the Company’s common stock as reported on the NASDAQ Global Market was \$14.46. As of December 31, 2018, the potential number of participants in the 2012 plan was approximately 320 employees, 20 consultants and seven directors.

A general description of the principal terms of the Amended and Restated 2012 plan as proposed is set forth below. However, the summary does not purport to be a complete description of all of the provisions of the 2012 plan. A full copy of the proposed Amended and Restated 2012 plan is attached to this proxy statement as Appendix A.

General Description

Purpose. The purposes of the 2012 plan are to attract and retain the best available personnel, to provide additional incentives to our employees, consultants and directors through ownership of our shares, and to promote the success of the Company’s business.

Shares Reserved for Issuance under the 2012 plan. If approved by our stockholders, the total number of shares reserved for issuance under the 2012 plan will be increased by 3,750,000 shares to 5,250,000 shares (and the number of shares available for incentive stock options will be increased from 1,025,000 shares to 1,300,000 shares).

The maximum number of shares with respect to which options and stock appreciation rights that may be granted to a participant during a calendar year is 175,000 shares. In connection with a participant’s commencement of service with the Company or a related entity of the Company, the participant may be granted options and stock appreciation rights for up to an additional 175,000 shares, which would not count against the limit set forth in the previous sentence.

The table below shows information, as of March 31, 2019, regarding all of our outstanding equity award plans:

Total Stock Options and Stock Appreciation Rights (“SARs”) Outstanding	755,980 shares(1)
Total Restricted Stock Unit Awards (“RSUs”) Outstanding	1,335,973 RSUs
Total Common Stock Outstanding	22,700,800 shares
Weighted-Average Exercise Price of Stock Options Outstanding	\$9.82 per share
Weighted-Average Remaining Duration of Stock Options and SARs Outstanding	4.6 years
Total Shares Available for Grant under the 2012 Equity Incentive Plan	186,692
Total Shares Available for Grant under the Amended and Restated 1998 Non-Officer Employee Stock Option Plan	11,246

Due to the ceiling imposed on the SAR grants, the outstanding amount that can be exercised for shares of common stock are less than the number of stock options and SARs outstanding as of March 31, 2019.

Share Counting. Any shares covered by an award which is forfeited, canceled, expires or is settled in cash shall be deemed not to have been issued for purposes of determining the maximum number of shares which may be issued under the 2012 plan. Shares that have actually been issued under the 2012 plan pursuant to an award shall not be returned to the 2012 plan and shall not become available for future grant under the 2012 plan, except where unvested shares are forfeited or repurchased by the Company at the lower of their original purchase price or their fair market value at the time of such repurchase. Shares tendered or withheld in payment of an option exercise price, shares withheld by the Company to pay any tax withholding obligation, and all shares covered by the portion of a stock appreciation right that is exercised (regardless of whether shares are actually issued in connection with such exercise) shall not be returned to the 2012 plan and shall not become available for future issuance under the 2012 plan.

Administration. The 2012 plan will be administered by the 2012 plan administrator (the “Administrator”), defined as the board or one (1) or more committees designated by the board. The compensation committee will initially act as the Administrator. With respect to grants to officers and directors, the compensation committee shall be constituted in such a manner as to satisfy applicable laws, including, when applicable, Rule 16b-3 promulgated under the Exchange Act and Section 162(m) of the Internal Revenue Code (the “Code”).

No Repricings without Stockholder Approval. The company shall obtain stockholder approval prior to (i) the reduction of the exercise price of any option or the base appreciation amount of any stock appreciation right awarded under the 2012 plan or (ii) the cancellation of an option or stock appreciation right at a time when its exercise price or base appreciation amount exceeds the fair market value of the underlying shares, in exchange for another option, stock appreciation right, restricted stock or other award or for cash (unless the cancellation and exchange occurs in connection with a Corporate Transaction (as defined in the 2012 plan and as described below)). Notwithstanding the foregoing, cancelling an option or stock appreciation right in exchange for another option, stock appreciation right, restricted stock, or other award with an exercise price, purchase price or base appreciation amount that is equal to or greater than the exercise price or base appreciation amount of the original option or stock appreciation right will not be subject to stockholder approval.

Terms and Conditions of Awards. The 2012 plan provides for the grant of stock options, restricted stock, restricted stock units, dividend equivalent rights and stock appreciation rights (collectively referred to as “awards”). Any dividend equivalent right granted in connection with an award will be subject to the vesting of the underlying award. Stock options granted under the 2012 plan may be either incentive stock options under the provisions of Section 422 of the Code, or nonqualified stock options. Incentive stock options may be granted only to employees. Awards other than incentive stock options may be granted to our employees, consultants and directors or to employees, consultants and directors of our related entities. To the extent that the aggregate fair market value of the shares subject to options designated as incentive stock options which become exercisable for the first time by a participant during any calendar year exceeds \$100,000, such excess options shall be treated as nonqualified stock options. Under the 2012 plan, awards may be granted to such employees, consultants or directors who are residing in non-U.S. jurisdictions as the Administrator may determine from time to time. Each award granted under the 2012 plan shall be designated in an award agreement.

Subject to applicable laws and except as otherwise provided by the Board, the Administrator will have the authority, in its discretion, to select employees, consultants and directors to whom awards may be granted from time to time, to determine whether and to what extent awards are granted, to determine the number of shares or the amount of other consideration to be covered by each award, to approve forms of award agreement for use under the 2012 plan, to determine the terms and conditions of any award (including the vesting schedule applicable to the award), to amend the terms of any outstanding award granted under the 2012 plan (provided that any amendment that would adversely affect a participant’s rights under an outstanding award would not be made without the participant’s written consent), to construe and interpret the terms of the 2012 plan and awards granted, to establish additional terms, conditions, rules or procedures to accommodate the rules or laws of applicable non-U.S. jurisdictions and to take such other action, not inconsistent with the terms of the 2012 plan, as the Administrator deems appropriate.

The term of any award granted under the 2012 plan will be stated in the applicable award agreement but may not exceed a term of more than ten years (or five years in the case of an incentive stock option granted to any participant who owns stock representing more than 10% of our combined voting power or any parent or subsidiary of us), excluding any period for which the participant has elected to defer the receipt of the shares or cash issuable pursuant to the award pursuant to a deferral program the Administrator may establish in its discretion.

The 2012 plan authorizes the Administrator to grant incentive stock options at an exercise price not less than 100% of the fair market value of our common stock on the date the option is granted (or 110%, in the case of an incentive stock option granted to any employee who owns stock representing more than 10% of our combined voting power or any parent or subsidiary of us). In the case of nonqualified stock options, stock appreciation rights, and awards intended to qualify as performance-based compensation, the exercise price, base appreciation amount or purchase price, if any, shall be not less than 100% of the fair market value per share on the date of grant. In the case of all other awards granted under the 2012 plan, the exercise or purchase price shall be determined by the Administrator. The exercise or purchase price is generally payable in cash, check, shares or, with respect to options, payment through a broker-dealer sale and remittance procedure or a “net exercise” procedure, or any combination of the foregoing methods of payment.

Under the 2012 plan, the Administrator may establish one or more programs to permit selected participants the opportunity to elect to defer receipt of consideration payable under an award. The Administrator also may establish under the 2012 plan separate programs for the grant of particular forms of awards to one or more classes of participants.

Per Person Limits. The maximum number of shares with respect to which options and stock appreciation rights may be granted to a participant during a calendar year is 175,000 shares. In connection with a participant's commencement of service with the company or a related entity of the Company, the participant may be granted options and stock appreciation rights for up to an additional 175,000 shares, which would not count against the limit set forth in the previous sentence. The foregoing limitations shall be adjusted proportionately by the Administrator in the event of a stock split, reverse stock split, stock dividend, combination or reclassification of shares or other similar change in our shares or our capital structure.

The 2012 plan includes performance criteria that may be considered, individually or in combination, by the Administrator when granting performance-based awards, including the following: (i) sales and net sales, (ii) appreciation in and/or maintenance of the price of shares or any other publicly-traded securities of the Company, (iii) expense levels, (iv) sales or licenses of the Company's assets, including its intellectual property, whether in a particular jurisdiction or territory or globally, or through partnering transactions, (v) implementation, completion or attainment of measurable objectives with respect to research, development, manufacturing, commercialization, products or projects, production volume levels, acquisitions and divestitures and recruiting and maintaining personnel, (vi) financing and other capital raising transactions (including sales of the Company's equity or debt securities, factoring transactions), (vii) revenue growth or product revenue growth, (viii) profits (including gross profits, operating profits, net operating profits, controllable profits and profit margins), (ix) financial ratios, including those measuring liquidity, activity, profitability or leverage, (x) cost of capital or assets under management, (xi) net operating income (before or after taxes) or operating income (before or after taxes), (xii) earnings (including earnings before taxes, earnings before interest and taxes, earnings before interest, taxes and depreciation, earnings before interest, taxes and amortization or earnings before interest, taxes, depreciation and amortization), (xiii) revenue, (xiv) strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property and establishing relationships with commercial entities with respect to the marketing, distribution and sale of the Company's products (including with group purchasing organizations, distributors and other vendors)), (xv) co-development, co-marketing, profit sharing, joint venture or other similar arrangements, (xvi) pre- or after-tax income (before or after allocation of corporate overhead and bonus), (xvii) market share, (xviii) regulatory achievements (including submitting or filing applications or other documents with regulatory authorities or receiving approval of any such applications or other documents; passing pre-approval inspections (whether of the Company or third parties)), (xix) operating margins, gross margins or cash margins, (xx) earnings per share, (xxi) comparisons with various stock market indices, (xxii) stockholder equity, (xxiii) debt reduction, (xxiv) net income (before or after taxes), (xxv) reductions in costs, (xxvi) year-end cash, (xxvii) return on equity, (xxviii) operating cash flow or cash flow per share (before or after dividends) and cash flow or cash flow per share (before or after dividends), (xxix) working capital levels, including cash, inventory and accounts receivable, (xxx) total shareholder return, (xxxi) return on capital (including return on total capital or return on invested capital), (xxxii) research and development achievements, (xxxiii) return on assets or net assets, (xxxiv) cash flow return on investment, (xxxv) operating efficiencies, (xxxvi) economic value-added models or equivalent metrics, (xxxvii) success in recruitment of financial advisors, (xxxviii) customer growth, (xxxix) employee or customer satisfaction (including objective customer indicators), (xxxx) productivity, (xxxxi) supplier awards from significant customers, (xxxxii) credit rating, (xxxxiii) contract awards or backlog, (xxxxix) bookings or orders, (xxxxv) budget comparisons, and (xxxxvi) improvements in capital structure. The performance criteria may be applicable to the company, any parent or subsidiary of the company, and/or any individual business units of the company or any parent or subsidiary of the company.

Change in Capitalization. Subject to any required action by the stockholders of the Company, the number of shares covered by outstanding awards, the number of shares that have been authorized for issuance under the 2012 plan, the exercise or purchase price of each outstanding award, the maximum number of shares that may be granted subject to awards to any participant in a calendar year, as well as other terms that the Administrator determines require adjustment, shall be proportionally adjusted by the Administrator in the event of (i) any increase or decrease in the number of issued shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the shares or similar transaction affecting the shares, (ii) any other increase or decrease in the number of issued shares effected without receipt of consideration by the company or (iii) any other transaction with respect to our shares including a corporate merger, consolidation, acquisition of property or stock, separation (including a spin-off or other distribution of stock or property), reorganization, liquidation (whether partial or complete), distribution of cash or other assets to stockholders other than a normal cash dividend, or any similar transaction; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been “effected without receipt of consideration.” Such adjustment shall be made by the Administrator and its determination shall be final, binding and conclusive.

Corporate Transaction. Effective upon the consummation of a Corporate Transaction, all outstanding awards under the 2012 plan will terminate unless the awards are assumed in connection with the Corporate Transaction. In addition, except as provided otherwise in an individual award agreement, for the portion of each award that is neither assumed nor replaced, such portion of the award shall automatically become fully vested and exercisable and be released from any repurchase or forfeiture rights (other than repurchase rights exercisable at fair market value) for all of the shares (or other consideration) at the time represented by such portion of the award, immediately prior to the specified effective date of such Corporate Transaction, provided that the grantee’s continuous service has not terminated prior to such date.

Under the 2012 plan, Corporate Transaction includes a merger or consolidation in which the Company is not the surviving entity, except for a transaction the principal purpose of which is to change the state in which the company is incorporated; the sale, transfer or other disposition of all or substantially all of the assets of the company; the complete liquidation or dissolution of the company; any reverse merger or series of related transactions culminating in a reverse merger in which the company is the surviving entity but (i) the shares outstanding immediately prior to such merger are converted or exchanged by virtue of the merger into other property or (ii) in which securities possessing more than fifty percent (50%) of the total combined voting power of the company’s outstanding securities are transferred to a person or persons different from those who held such securities immediately prior to such merger or the initial transaction culminating in such merger; and an acquisition in a single or series of related transactions by any person or related group of persons (other than the company or by a company-sponsored employee benefit plan) of beneficial ownership of securities possessing more than fifty percent (50%) of the total combined voting power of the company’s outstanding securities.

Change in Control. Except as provided otherwise in an individual award agreement, in the event of a Change in Control (other than a Change in Control which also is a Corporate Transaction), all outstanding awards under the 2012 plan automatically shall become fully vested and exercisable and be released from any repurchase or forfeiture rights (other than repurchase rights exercisable at fair market value), immediately prior to the specified effective date of such Change in Control, for all of the shares (or other consideration) at the time represented by such awards, provided that the grantee’s continuous service, as such term is defined in the 2012 plan, has not terminated prior to such date.

Under the 2012 plan, a Change in Control is defined as a change in ownership or control of the company effected through either of the following transactions: (i) the direct or indirect acquisition by any person or related group of persons (other than an acquisition from or by the company or by a company-sponsored employee benefit plan or by a person that directly or indirectly controls, is controlled by, or is under common control with, the company) of beneficial ownership (within the meaning of Rule 13d-3 of the Exchange Act of 1934) of securities possessing more than fifty percent (50%) of the total combined voting power of the company's outstanding securities pursuant to a tender or exchange offer made directly to the company's stockholders which a majority of the continuing directors who are not affiliates or associates of the offer or do not recommend such stockholders accept, or (ii) a change in the composition of the board over a period of twelve months or less such that a specified number of the board members ceases, by reason of one or more contested elections for board membership, to be comprised of individuals who are continuing directors.

Amendment, Suspension or Termination of the 2012 plan. The board may at any time amend, suspend or terminate the 2012 plan. The 2012 plan will terminate on May 15, 2022 unless earlier terminated by the board. To the extent necessary to comply with applicable provisions of federal securities laws, state corporate and securities laws, the Code, applicable rules of any stock exchange or national market system, and the rules of any foreign jurisdiction applicable to awards granted to residents of the jurisdiction, the company shall obtain stockholder approval of any such amendment to the 2012 plan in such a manner and to such a degree as required. No suspension or termination of the 2012 plan will adversely affect any rights under awards already granted to a participant.

Awards to Israeli Residents. The 2012 plan is designed to comply with the provisions of the Israeli Income Tax Ordinance New Version, 1961, as amended (the "Tax Ordinance"), and is intended to enable the Administrator to grant options under the 2012 plan to participants who are, or are deemed to be, Israeli residents. Specifically, the 2012 plan permits option awards to employees pursuant to Section 102 of the Tax Ordinance and option awards to non-employees pursuant to Section 3(i) of the Tax Ordinance. For this purpose, "employee" refers to employees, officers and directors of the company or a related entity who are not considered "Controlling Shareholders" pursuant to, or otherwise excluded by, the Tax Ordinance. In accordance with the terms and conditions imposed by the Tax Ordinance, participants who are, or are deemed to be, Israeli residents and who receive option awards under the 2012 plan may be afforded certain tax benefits in Israel.

Director Option Sub-plan. In connection with the 2012 plan, the board adopted a Director Option Sub-plan (the "Sub-plan"). The Sub-plan draws on the 2012 plan for shares and is designed to provide for the grant of options and restricted stock units to non-employee directors of the company on a formula basis. Prior to 2019, directors were granted automatically under the director subplan on January 1 of each year 8,000 stock options and 4,000 restricted stock units, all of which would fully vest at the end of one year from the grant date. Starting in 2019, the mix of options and restricted stock units awarded to directors was eliminated and in lieu therefore only restricted stock units are granted to directors with a one-year vesting period and a value of \$100,000 with the exact number of restricted stock units to be based on a 30-day average closing price of the company's common stock prior to the grant date. If a director is appointed for a term commencing during a calendar year, the director would be granted stock options and restricted stock units on the date of appointment and the number of stock options and restricted stock units granted would be based upon the number of days remaining in the calendar year following the date such person was nominated as a director. The Sub-plan permits the Administrator to make grants to non-employee directors of the company who are Israeli residents pursuant to Sections 3(i) and 102 of the Tax Ordinance.

Certain U.S. Federal Tax Consequences

The following summary of the U.S. federal income tax consequences of the 2012 plan transactions is based upon federal income tax laws in effect on the date of this proxy statement. This summary does not purport to be complete, and does not discuss state, local or non-U.S. tax consequences.

Nonqualified Stock Options. The grant of a nonqualified stock option under the 2012 plan will not result in any federal income tax consequences to the participant or to the company. Upon exercise of a nonqualified stock option, the participant is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares at the time of exercise. This income is subject to withholding for federal income and employment tax purposes. The company is entitled to an income tax deduction in the amount of the income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. The company does not receive a tax deduction for any such gain.

A nonqualified stock option can be considered deferred compensation and subject to Section 409A of the Code. A nonqualified stock option that does not meet the requirements of Code Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation, plus penalties and interest.

Incentive Stock Options. The grant of an incentive stock option under the 2012 plan will not result in any federal income tax consequences to the participant or to the company. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and the company receives no deduction at the time of exercise. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares. If the participant does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. The company is not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods (referred to as a "disqualifying disposition"), he or she must recognize ordinary income in the year of the disposition. The amount of ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the exercise price or (ii) the difference between the fair market value of the stock at the time of exercise and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. The company, in the year of the disqualifying disposition, is entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the participant's total compensation is deemed reasonable in amount.

The "spread" under an incentive stock option—i.e., the difference between the fair market value of the shares at exercise and the exercise price—is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares within the calendar year in which the incentive stock options are exercised. However, such a sale of shares within the year of exercise will constitute a disqualifying disposition, as described above.

Stock Appreciation Rights. Recipients of stock appreciation rights ("SARs") generally should not recognize income until the SAR is exercised (assuming there is no ceiling on the value of the right). Upon exercise, the recipient will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such exercise. Recipients who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon exercise of a SAR. Recipients will recognize gain upon the disposition of any shares received on exercise of a SAR equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. We will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

A SAR can be considered non-qualified deferred compensation and subject to Section 409A of the Code. A SAR that does not meet the requirements of Code Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation, plus penalties and interest.

Restricted Stock. The grant of restricted stock will subject the recipient to ordinary compensation income on the difference between the amount paid for such stock and the fair market value of the shares on the date that the restrictions lapse. This income is subject to withholding for federal income and employment tax purposes. The company is entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. The company does not receive a tax deduction for any such gain.

Recipients of restricted stock may make an election under Section 83(b) of the Code ("Section 83(b) Election") to recognize as ordinary compensation income in the year that such restricted stock is granted, the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition will be long or short-term capital gain to the recipient. The Section 83(b) Election must be made within thirty days from the time the restricted stock is issued.

Restricted Stock Units. Recipients of restricted stock units generally should not recognize income until such units are converted into cash or shares. Upon conversion, the recipient will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such conversion. Recipients who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon conversion of the restricted stock units. Participants will recognize gain upon the disposition of any shares received upon conversion of the restricted stock units equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. The company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the company withholds the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

Restricted stock units also can be considered non-qualified deferred compensation and subject to Section 409A of the Code. A grant of restricted stock units that does not meet the requirements of Code Section 409A will result in an additional 20% tax obligation, plus penalties and interest to such recipient.

Dividends and Dividend Equivalents. Recipients of stock-based awards that earn dividends or dividend equivalents will recognize taxable ordinary income on any dividend payments received with respect to unvested and/or unexercised shares subject to such awards, which income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the income recognized by a participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the individual's total compensation is deemed reasonable in amount.

Required Vote

The affirmative vote of the holders of a majority of the shares of our common stock present or represented at the annual meeting is required to approve the amendment and restatement of the 2012 plan. Abstentions will have the same effect as "no" votes on this proposal, whereas broker "non-votes" will have no effect.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE PROPOSED AMENDMENT AND RESTATEMENT OF THE 2012 EQUITY INCENTIVE PLAN.

PROPOSAL NO. 3
RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

Our audit committee has selected Kost Forer Gabbay & Kasierer (a member of Ernst & Young Global) as our auditors for the current fiscal year, subject to ratification by our stockholders at the annual meeting. We expect a representative of Kost Forer Gabbay & Kasierer (a member of Ernst & Young Global) to be available via teleconference to respond to appropriate questions and to make a statement if he or she so desires, but no representative will be present at the annual meeting.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of Kost Forer Gabbay & Kasierer (a member of Ernst & Young Global) as our independent accountants. However, the audit committee of the board of directors is submitting the selection of Kost Forer Gabbay & Kasierer (a member of Ernst & Young Global) to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of different independent accountants at any time during the year if they determine that such a change would be in our best interests and the best interests of our stockholders.

Required Vote

The affirmative vote of the holders of a majority of the shares of our common stock present or represented at the annual meeting is required to approve the ratification of the selection of Kost Forer Gabbay & Kasierer as our independent auditors for fiscal year 2019. Abstentions will have the same effect as “no” votes on this proposal, whereas broker “non-votes” will have no effect.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF KOST FORER GABBAY & KASIERER.

Additionally, the audit committee must approve all audit and non-audit services performed by the Company's independent auditors. Furthermore, the audit committee is responsible for reviewing and evaluating the Company's accounting principles and the Company's system of internal accounting controls. Management is responsible for the financial reporting process, including the system of internal controls and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Company's independent auditors, Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global, are responsible for auditing those financial statements. However, the members of the audit committee are not professionally engaged in the practice of accounting or auditing and are not experts in the fields of accounting or auditing. The audit committee relies, without independent verification, on the information provided to the committee and on the representations made by management and the independent auditors.

The audit committee hereby reports as follows:

1. The audit committee has reviewed and discussed the audited financial statements with the Company's management and Kost Forer Gabbay & Kasierer, the Company's independent auditors.
2. The audit committee has also received from, and discussed with, our independent auditors various communications that our independent auditors are required to provide to the audit committee, including the matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board.
3. The audit committee met with management regularly during the year to consider the adequacy of the Company's internal controls and the quality of its financial reporting and discussed these matters with the Company's independent auditors and with appropriate Company financial personnel and internal auditors.
4. The audit committee discussed with the Company's senior management, Kost Forer Gabbay & Kasierer and internal auditors the process used for the Company's Chief Executive Officer and Chief Financial Officer to make the certifications required by the Securities and Exchange Commission and the Sarbanes-Oxley Act of 2002 in connection with the Annual Report on Form 10-K and other periodic filings with the Commission.
5. The audit committee has received the written disclosures and the letter from Kost Forer Gabbay & Kasierer required by the Public Company Accounting Oversight Board regarding its communications with the audit committee concerning independence. The audit committee considered whether the audit and non-audit services provided by Kost Forer Gabbay & Kasierer were compatible with maintaining its independence from the Company. Based on discussions with Kost Forer Gabbay & Kasierer, the audit committee determined that the audit and non-audit services provided to the Company by Kost Forer Gabbay & Kasierer were compatible with maintaining the independence of Kost Forer Gabbay & Kasierer.
6. Based on the reviews and discussions referred to in paragraphs (1) through (5) above, the audit committee recommended to the Company's board of directors, and the board approved, the audited financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018, that was filed with the Securities and Exchange Commission on March 11, 2019.
7. The audit committee has also recommended the selection of Kost Forer Gabbay & Kasierer and, based on the committee's recommendation, the board of directors has selected Kost Forer Gabbay & Kasierer as the Company's independent auditors for the fiscal year ending December 31, 2019. The board of directors is submitting the selection of Kost Forer Gabbay & Kasierer to the stockholders for ratification.

 - (2) Tax fees represent fees for professional services rendered by our auditors for tax compliance, tax planning and tax advice on actual or contemplated transactions and advisory services for other tax compliance matters.

Audit and Non-Audit Services Pre-Approval Policy

Under the Sarbanes-Oxley Act of 2002, all audit and non-audit services performed by Kost Forer Gabbay & Kasierer, our independent auditors, must be approved in advance by the audit committee to assure that such services do not impair the auditors' independence from the company. In January 2004, the audit committee adopted an audit and non-audit services pre-approval policy which sets forth the procedures and conditions pursuant to which audit and non-audit services to be performed by the independent auditors are to be pre-approved. Pursuant to the policy, certain services or category of services described in detail in the policy may be pre-approved generally on an annual basis together with pre-approved maximum fee levels for such services. The services eligible for annual pre-approval consist of audit services, audit-related services, tax services and other services. If not pre-approved on an annual basis, proposed services must otherwise be separately approved prior to being performed by the independent auditors. The audit committee may also pre-approve particular services on a case-by-case basis. In addition, any services that receive annual pre-approval but exceed the pre-approved maximum fee level also will require separate approval by the audit committee prior to being performed. The audit committee may delegate authority to pre-approve audit and non-audit services to any member of the audit committee, but may not delegate such authority to management. Our independent auditors and Chief Financial Officer are required to periodically report to the audit committee regarding the extent of services provided by the independent auditors in accordance with the pre-approval policy and the fees for the services performed to date.

PROPOSAL NO. 4
ADVISORY VOTE ON COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

At last year's annual meeting, we provided our stockholders with the opportunity to cast an advisory vote regarding the compensation of our named executive officers as disclosed in our proxy statement for the 2018 annual meeting of stockholders. At our 2018 annual meeting, our stockholders approved the proposal, with approximately 67.1% of the votes cast voting in favor of the proposal. At our 2017 annual meeting, our stockholders voted to recommend, on an advisory basis, that advisory votes on executive compensation be held every year. After consideration of the 2017 voting results, our board of directors elected to continue to hold a stockholder "say-on-pay" vote annually. Accordingly, this year we are again asking our stockholders to vote "For" the compensation of our executive officers as disclosed in this proxy statement. Our board of directors and our compensation committee value the opinions of our stockholders. We will consider our stockholders' concerns and our compensation committee will evaluate whether any actions are necessary to address those concerns. In addition to our annual advisory vote on executive compensation, we are committed to ongoing engagement with our stockholders on executive compensation and corporate governance issues. Please see the section under the heading "*Stockholder Engagement and Responsiveness to 2018 "Say on Pay" Vote*" for a discussion of the company's engagement with stockholders in 2018 to address their perspectives and concerns, if any, regarding the company's compensation practices, as well as changes the compensation committee implemented in 2019 with respect to the compensation programs of our executive officers in response to such engagements.

As described in detail under the heading "*Compensation Discussion and Analysis*," our compensation philosophy supports our key business objectives of creating value for, and promoting the interests of, our stockholders. In order to align the interests of our executives with those of our stockholders, we believe that our executive compensation arrangements must provide our named executive officers with competitive compensation opportunities, based upon both their contribution to the development and financial success of the company and their personal performance. We believe our executive compensation arrangements strikes the appropriate balance between utilizing responsible, measured pay practices and effectively incentivizing our executives to dedicate themselves fully to value creation for our stockholders. This balance is evidenced by the following:

- Our compensation arrangements for the named executive officers are simple, consisting principally of base salary, a performance-based bonus plan with rigorous, and long-term incentive award in the form of restricted stock units, which may or may not be awarded annually at the discretion of the compensation committee.
- We provide a significant part of executive compensation in the form of performance based incentives. Our compensation committee establishes a performance-based bonus plan whereby bonuses are awarded under the plan based on achievement of the company's financial goals based on an annual budget approved by our board, as well as strategic goals aimed to promote the company's business and long-term strategic objectives. The goals under the performance-based bonus plans are generally rigorous. Bonuses under the performance-based plan are capped and a significant portion of the bonuses would not be payable for a particular year if the company fails to achieve the specified financial goals.
- A significant portion of our named executive officer's compensation is in the form of long-term incentive awards, currently consisting of restricted stock units. Generally, such equity awards vest 25% on the first anniversary of the grant date and the remaining equity awards vest quarterly over the following three years.
- We align base salaries with strong pay-for-performance orientation and our compensation committee generally takes a conservative approach on base salary increases.
- We do not provide any nonqualified defined contribution or other deferred compensation plans to our named executive officers.
- We do not provide tax gross-ups to our named executive officers.
- None of the employment agreements with our named executive officers includes any "single trigger" change-in-control provisions or golden parachute arrangements.
- The perquisites offered to our named executive officers based in Israel are those generally provided to all of our employees based in Israel.
- We have a compensation recoupment policy.
- The compensation committee is updated on compensation best practices and trends. The committee from time to time as appropriate engages the services of a compensation consultant to provide advice on compensation trends and market information to assist the committee in designing our compensation programs and making compensation decisions.

The vote on this resolution is not intended to address any specific element of compensation; rather, the advisory vote relates to the compensation of our named executive officers, as described in this proxy statement. The vote is advisory, and therefore it is not binding on the company, the compensation committee or our board of directors. The compensation committee will carefully consider the outcome of the vote when considering future executive compensation arrangements.

Required Vote

The affirmative vote of a majority of the shares present or represented and entitled to vote either in person or by proxy is required to approve this Proposal 4. Abstentions will have the same effect as “no” votes on this proposal, whereas broker “non-votes” will have no effect.

Accordingly, we ask our stockholders to vote on the following resolution at the annual meeting:

“RESOLVED, that the compensation of the named executive officers, as disclosed in the Company’s proxy statement for the 2019 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

STOCKHOLDER PROPOSALS

Requirements for Stockholder Proposals to Be Brought Before an Annual Meeting and Considered for Inclusion in our Proxy Materials. In addition to submitting information related to the proposal as described elsewhere in this proxy statement, pursuant to Rule 14a-8 under the Exchange Act and the Company's bylaws, stockholder proposals intended for consideration by the Company for presentation and inclusion in its proxy materials for the annual meeting of stockholders to be held in 2020 must be received by Dror Levy, Secretary, DSP Group, Inc., 2055 Gateway Place, San Jose, California 95110, no later than January 7, 2020 in order to be considered for inclusion in our proxy materials for that meeting.

1. **Purposes of the Plan.** The purposes of this Plan are to attract and retain the best available personnel, to provide additional incentives to Employees, Directors and Consultants and to promote the success of the Company's business.
2. **Definitions.** The following definitions shall apply as used herein and in the individual Award Agreements except as defined otherwise in an individual Award Agreement. In the event a term is separately defined in an individual Award Agreement, such definition shall supersede the definition contained in this Section 2.
 - (a) "**Administrator**" means the Board or any of the Committees appointed to administer the Plan.
 - (b) "**Affiliate**" and "**Associate**" shall have the respective meanings ascribed to such terms in Rule 12b-2 promulgated under the Exchange Act.
 - (c) "**Applicable Laws**" means the legal requirements relating to the Plan and the Awards, including under applicable provisions of federal securities laws, state corporate and securities laws, the Code, the rules of any applicable stock exchange or national market system, and the rules of any non-U.S. jurisdiction applicable to Awards granted to residents therein.

 - (e) "**Award**" means the grant of an Option, SAR, Dividend Equivalent Right, Restricted Stock, Restricted Stock Unit or other right or benefit under the Plan.
 - (f) "**Award Agreement**" means the written agreement evidencing the grant of an Award executed by the Company and the Grantee, including any amendments thereto.

The Grantee shall be considered to have been discharged for Cause if the Company determines, within 30 days after the Grantee's resignation, that discharge for Cause was warranted.

(i) “Change in Control” means a change in ownership or control of the Company effected through the following transactions:

(i) the direct or indirect acquisition by any person or related group of persons (other than an acquisition from or by the Company or by a Company-sponsored employee benefit plan or by a person that directly or indirectly controls, is controlled by, or is under common control with, the Company) of beneficial ownership (within the meaning of Rule 13d-3 of the Exchange Act) of securities possessing more than fifty percent (50%) of the total combined voting power of the Company’s outstanding securities pursuant to a tender or exchange offer made directly to the Company’s stockholders which a majority of the Continuing Directors who are not Affiliates or Associates of the offeror do not recommend such stockholders accept, or

(ii) with respect to Awards granted before or on May 26, 2015, a change in the composition of the Board over a period of twelve (12) months or less such that one-third (1/3) of the Board members (rounded up to the next whole number) ceases, by reason of one or more contested elections for Board membership, to be comprised of individuals who are Continuing Directors; or

(iii) with respect to Awards granted after May 26, 2015, a change in the composition of the Board over a period of twelve (12) months or less such that a majority of the Board members ceases, by reason of one or more contested elections for Board membership, to be comprised of individuals who are Continuing Directors.

(p) “Continuous Service” means that the provision of services to the Company or a Related Entity in any capacity of Employee, Director or Consultant is not interrupted or terminated. In jurisdictions requiring notice in advance of an effective termination as an Employee, Director or Consultant, Continuous Service shall be deemed terminated upon the actual cessation of providing services to the Company or a Related Entity notwithstanding any required notice period that must be fulfilled before a termination as an Employee, Director or Consultant can be effective under Applicable Laws. A Grantee’s Continuous Service shall be deemed to have terminated either upon an actual termination of Continuous Service or upon the entity for which the Grantee provides services ceasing to be a Related Entity. Continuous Service shall not be considered interrupted in the case of (i) any approved leave of absence, (ii) transfers among the Company, any Related Entity, or any successor, in any capacity of Employee, Director or Consultant, or (iii) any change in status as long as the individual remains in the service of the Company or a Related Entity in any capacity of Employee, Director or Consultant (except as otherwise provided in the Award Agreement). Notwithstanding the foregoing, except as otherwise determined by the Administrator, in the event of any spin-off of a Related Entity, service as an Employee, Director or Consultant for such Related Entity following such spin-off shall be deemed to be Continuous Service for purposes of the Plan and any Award under the Plan. An approved leave of absence shall include sick leave, military leave, or any other authorized personal leave. For purposes of each Incentive Stock Option granted under the Plan, if such leave exceeds three (3) months, and reemployment upon expiration of such leave is not guaranteed by statute or contract, then the Incentive Stock Option shall be treated as a Non-Qualified Stock Option on the day three (3) months and one (1) day following the expiration of such three (3) month period.

(ii) the sale, transfer or other disposition of all or substantially all of the assets of the Company;

(iii) the complete liquidation or dissolution of the Company;

(iv) any reverse merger or series of related transactions culminating in a reverse merger (including, but not limited to, a tender offer followed by a reverse merger) in which the Company is the surviving entity but (A) the shares of Common Stock outstanding immediately prior to such merger are converted or exchanged by virtue of the merger into other property, whether in the form of securities, cash or otherwise, or (B) in which securities possessing more than fifty percent (50%) of the total combined voting power of the Company’s outstanding securities are transferred to a person or persons different from those who held such securities immediately prior to such merger or the initial transaction culminating in such merger; or

(nn) “Subsidiary” means a “subsidiary corporation”, whether now or hereafter existing, as defined in Section 424(f) of the Code.

3. Stock Subject to the Plan.

(a) Subject to the provisions of Section 10, below, the maximum aggregate number of Shares which may be issued pursuant to all Awards is 5,250,000 Shares; provided, however, that the maximum aggregate number of Shares that may be issued pursuant to Incentive Stock Options is 1,300,000 Shares. The Shares to be issued pursuant to Awards may be authorized, but unissued, or reacquired Common Stock.

(b) Any Shares covered by an Award (or portion of an Award) which is forfeited, canceled or expires (whether voluntarily or involuntarily) shall be deemed not to have been issued for purposes of determining the maximum aggregate number of Shares which may be issued under the Plan. Shares that actually have been issued under the Plan pursuant to an Award shall not be returned to the Plan and shall not become available for future issuance under the Plan, except that if unvested Shares are forfeited, or repurchased by the Company at the lower of their original purchase price or their Fair Market Value at the time of repurchase, such Shares shall become available for future grant under the Plan. Notwithstanding anything to the contrary contained herein: (i) Shares tendered or withheld in payment of an Option exercise price shall not be returned to the Plan and shall not become available for future issuance under the Plan; (ii) Shares withheld by the Company to satisfy any tax withholding obligation shall not be returned to the Plan and shall not become available for future issuance under the Plan; and (iii) all Shares covered by the portion of an SAR that is exercised (whether or not Shares are actually issued to the Grantee upon exercise of the SAR) shall be considered issued pursuant to the Plan.

4. Administration of the Plan.

(a) Plan Administrator.

(i) Administration with Respect to Directors and Officers. With respect to grants of Awards to Directors or Employees who are also Officers or Directors of the Company, the Plan shall be administered by (A) the Board or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the Applicable Laws and to permit such grants and related transactions under the Plan to be exempt from Section 16(b) of the Exchange Act in accordance with Rule 16b-3. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board.

(ii) Administration With Respect to Consultants and Other Employees. With respect to grants of Awards to Employees or Consultants who are neither Directors nor Officers of the Company, the Plan shall be administered by (A) the Board or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the Applicable Laws. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board. The Board may authorize one or more Officers to grant such Awards and may limit such authority as the Board determines from time to time.

(iii) Administration With Respect to Covered Employees. Notwithstanding the foregoing, grants of Awards to any Covered Employee intended to qualify as Performance-Based Compensation shall be made only by a Committee (or subcommittee of a Committee) which is comprised solely of two or more Directors eligible to serve on a committee making Awards qualifying as Performance-Based Compensation. In the case of such Awards granted to Covered Employees, references to the "Administrator" or to a "Committee" shall be deemed to be references to such Committee or subcommittee.

(iv) Administration Errors. In the event an Award is granted in a manner inconsistent with the provisions of this subsection (a), such Award shall be presumptively valid as of its grant date to the extent permitted by the Applicable Laws.

(b) Powers of the Administrator. Subject to Applicable Laws and the provisions of the Plan (including any other powers given to the Administrator hereunder), and except as otherwise provided by the Board, the Administrator shall have the authority, in its discretion:

- (i) to select the Employees, Directors and Consultants to whom Awards may be granted from time to time hereunder;
- (ii) to determine whether and to what extent Awards are granted hereunder;
- (iii) to determine the number of Shares or the amount of other consideration to be covered by each Award granted hereunder;
- (iv) to approve forms of Award Agreements for use under the Plan;

(v) to determine the terms and conditions of any Award granted hereunder;

(vi) to amend the terms of any outstanding Award granted under the Plan, provided that any amendment that would adversely affect the Grantee's rights under an outstanding Award shall not be made without the Grantee's written consent, provided, however, that an amendment or modification that may cause an Incentive Stock Option to become a Non-Qualified Stock Option shall not be treated as adversely affecting the rights of the Grantee. Notwithstanding the foregoing, canceling an Option or SAR in exchange for another Option, SAR, Restricted Stock, or other Award or for cash with an exercise price, purchase price or base appreciation amount (as applicable) that is equal to or greater than the exercise price or base appreciation amount (as applicable) of the original Option or SAR shall not be subject to stockholder approval;

(vii) to construe and interpret the terms of the Plan and Awards, including without limitation, any notice of award or Award Agreement, granted pursuant to the Plan;

(viii) to grant Awards to Employees, Directors and Consultants employed outside the United States on such terms and conditions different from those specified in the Plan as may, in the judgment of the Administrator, be necessary or desirable to further the purpose of the Plan, and to set forth such terms and conditions in Award Agreements, and to adopt related sub-plans under the Plan; and

(ix) to take such other action, not inconsistent with the terms of the Plan, as the Administrator deems appropriate.

The express grant in the Plan of any specific power to the Administrator shall not be construed as limiting any power or authority of the Administrator; provided that the Administrator may not exercise any right or power reserved to the Board. Any decision made, or action taken, by the Administrator or in connection with the administration of this Plan shall be final, conclusive and binding on all persons having an interest in the Plan.

(c) **Indemnification.** In addition to such other rights of indemnification as they may have as members of the Board or as Officers or Employees of the Company or a Related Entity, members of the Board and any Officers or Employees of the Company or a Related Entity to whom authority to act for the Board, the Administrator or the Company is delegated shall be defended and indemnified by the Company to the extent permitted by law on an after-tax basis against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any claim, investigation, action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any Award granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by the Company) or paid by them in satisfaction of a judgment in any such claim, investigation, action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such claim, investigation, action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct; provided, however, that within thirty (30) days after the institution of such claim, investigation, action, suit or proceeding, such person shall offer to the Company, in writing, the opportunity at the Company's expense to defend the same.

5. Eligibility. Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants. Incentive Stock Options may be granted only to Employees of the Company or a Parent or a Subsidiary of the Company. An Employee, Director or Consultant who has been granted an Award may, if otherwise eligible, be granted additional Awards. Awards may be granted to such Employees, Directors or Consultants who are residing in non-U.S. jurisdictions as the Administrator may determine from time to time.

6. Terms and Conditions of Awards.

(a) Types of Awards. The Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) cash or (iii) an Option, a SAR, or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions. Such awards include, without limitation, Options, SARs, sales or bonuses of Restricted Stock, Restricted Stock Units or Dividend Equivalent Rights, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

(b) Designation of Award. Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designation, an Option will qualify as an Incentive Stock Option under the Code only to the extent the \$100,000 limitation of Section 422(d) of the Code is not exceeded. The \$100,000 limitation of Section 422(d) of the Code is calculated based on the aggregate Fair Market Value of the Shares subject to Options designated as Incentive Stock Options which become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company). For purposes of this calculation, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the grant date of the relevant Option. In the event that the Code or the regulations promulgated thereunder are amended after the date the Plan becomes effective to provide for a different limit on the Fair Market Value of Shares permitted to be subject to Incentive Stock Options, then such different limit will be automatically incorporated herein and will apply to any Options granted after the effective date of such amendment.

(c) Conditions of Award. Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any performance criteria. The performance criteria established by the Administrator may be based on any one of, or combination of, the following: (i) sales and net sales, (ii) appreciation in and/or maintenance of the price of the Shares or any other publicly-traded securities of the Company, (iii) expense levels, (iv) sales or licenses of the Company's assets, including its intellectual property, whether in a particular jurisdiction or territory or globally, or through partnering transactions, (v) implementation, completion or attainment of measurable objectives with respect to research, development, manufacturing, commercialization, products or projects, production volume levels, acquisitions and divestitures and recruiting and maintaining personnel, (vi) financing and other capital raising transactions (including sales of the Company's equity or debt securities, factoring transactions), (vii) revenue growth or product revenue growth, (viii) profits (including gross profits, operating profits, net operating profits, controllable profits and profit margins), (ix) financial ratios, including those measuring liquidity, activity, profitability or leverage, (x) cost of capital or assets under management, (xi) net operating income (before or after taxes) or operating income (before or after taxes), (xii) earnings (including earnings before taxes, earnings before interest and taxes, earnings before interest, taxes and depreciation, earnings before interest, taxes and amortization or earnings before interest, taxes, depreciation and amortization), (xiii) revenue, (xiv) strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property and establishing relationships with commercial entities with respect to the marketing, distribution and sale of the Company's products (including with group purchasing organizations, distributors and other vendors)), (xv) co-development, co-marketing, profit sharing, joint venture or other similar arrangements, (xvi) pre- or after-tax income (before or after allocation of corporate overhead and bonus), (xvii) market share, (xviii) regulatory achievements (including submitting or filing applications or other documents with regulatory authorities or receiving approval of any such applications or other documents; passing pre-approval inspections (whether of the Company or third parties)), (xix) operating margins, gross margins or cash margins, (xx) earnings per share, (xxi) comparisons with various stock market indices, (xxii) stockholder equity, (xxiii) debt reduction, (xxiv) net income (before or after taxes), (xxv) reductions in costs, (xxvi) year-end cash, (xxvii) return on equity, (xxviii) operating cash flow or cash flow per share (before or after dividends) and cash flow or cash flow per share (before or after dividends), (xxix) working capital levels, including cash, inventory and accounts receivable, (xxx) total shareholder return, (xxxi) return on capital (including return on total capital or return on invested capital), (xxxii) research and development achievements, (xxxiii) return on assets or net assets, (xxxiv) cash flow return on investment, (xxxv) operating efficiencies, (xxxvi) economic value-added models or equivalent metrics, (xxxvii) success in recruitment of financial advisors, (xxxviii) customer growth, (xxxix) employee or customer satisfaction (including objective customer indicators), (xxxx) productivity, (xxxxi) supplier awards from significant customers, (xxxxii) credit rating, (xxxxiii) contract awards or backlog, (xxxxix) bookings or orders, (xxxxv) budget comparisons, and (xxxxvi) improvements in capital structure. The performance criteria may be applicable to the Company, Related Entities and/or any individual business units of the Company or any Related Entity. Partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement. In addition, the performance criteria shall be calculated in accordance with generally accepted accounting principles, but excluding the effect (whether positive or negative) of any change in accounting standards and any extraordinary, unusual or nonrecurring item, as determined by the Administrator, occurring after the establishment of the performance criteria applicable to the Award intended to be Performance-Based Compensation. Each such adjustment, if any, shall be made solely for the purpose of providing a consistent basis from period to period for the calculation of performance criteria in order to prevent the dilution or enlargement of the Grantee's rights with respect to an Award intended to be Performance-Based Compensation.

(d) Acquisitions and Other Transactions. The Administrator may issue Awards under the Plan in settlement, assumption or substitution for, outstanding awards or obligations to grant future awards in connection with the Company or a Related Entity acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction.

(e) Deferral of Award Payment. The Administrator may establish one or more programs under the Plan to permit selected Grantees the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of performance criteria, or other event that absent the election would entitle the Grantee to payment or receipt of Shares or other consideration under an Award. The Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Administrator deems advisable for the administration of any such deferral program.

(f) Separate Programs. The Administrator may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Grantees on such terms and conditions as determined by the Administrator from time to time.

(g) Individual Limitations on Awards.

(i) Individual Limit for Options and SARs. The maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any calendar year shall be 175,000 Shares. In connection with a Grantee's commencement of Continuous Service, a Grantee may be granted Options and SARs for up to an additional 175,000 Shares which shall not count against the limit set forth in the previous sentence. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitations with respect to a Grantee, if any Option or SAR is canceled, the canceled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Grantee. For this purpose, the repricing of an Option (or in the case of a SAR, the base amount on which the stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

(ii) Individual Limit for Restricted Stock and Restricted Stock Units. For awards of Restricted Stock and Restricted Stock Units that are intended to be Performance-Based Compensation, the maximum number of Shares with respect to which such Awards may be granted to any Grantee in any calendar year shall be 175,000. The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below.

(h) Deferral. If the vesting or receipt of Shares under an Award is deferred to a later date, any amount (whether denominated in Shares or cash) paid in addition to the original number of Shares subject to such Award will not be treated as an increase in the number of Shares subject to the Award if the additional amount is based either on a reasonable rate of interest or on one or more predetermined actual investments such that the amount payable by the Company at the later date will be based on the actual rate of return of a specific investment (including any decrease as well as any increase in the value of an investment).

(i) Early Exercise. The Award Agreement may, but need not, include a provision whereby the Grantee may elect at any time while an Employee, Director or Consultant to exercise any part or all of the Award prior to full vesting of the Award. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Administrator determines to be appropriate.

(j) Term of Award. The term of each Award shall be no more than ten (10) years from the date of grant thereof. However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Award Agreement. Notwithstanding the foregoing, the specified term of any Award shall not include any period for which the Grantee has elected to defer the receipt of the Shares or cash issuable pursuant to the Award.

(k) Transferability of Awards. Incentive Stock Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee. Other Awards shall be transferable (i) by will and by the laws of descent and distribution and (ii) during the lifetime of the Grantee, to the extent and in the manner authorized by the Administrator but only to the extent such transfers are made to family members, to family trusts, to family controlled entities, to charitable organizations, and pursuant to domestic relations orders or agreements, in all cases without payment for such transfers to the Grantee. Notwithstanding the foregoing, the Grantee may designate one or more beneficiaries of the Grantee's Award in the event of the Grantee's death on a beneficiary designation form provided by the Administrator.

(l) Time of Granting Awards. The date of grant of an Award shall for all purposes be the date on which the Administrator makes the determination to grant such Award, or such other later date as is determined by the Administrator.

7. Award Exercise or Purchase Price, Consideration and Taxes.

(a) Exercise or Purchase Price. The exercise or purchase price, if any, for an Award shall be as follows:

(i) In the case of an Incentive Stock Option:

(A) granted to an Employee who, at the time of the grant of such Incentive Stock Option owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the per Share exercise price shall be not less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant; or

(B) granted to any Employee other than an Employee described in the preceding paragraph, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Non-Qualified Stock Option, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iii) In the case of Awards intended to qualify as Performance-Based Compensation, the exercise or purchase price, if any, shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iv) In the case of SARs, the base appreciation amount shall not be less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(v) In the case of other Awards, such price as is determined by the Administrator.

(vi) Notwithstanding the foregoing provisions of this Section ~~7~~(a), in the case of an Award issued pursuant to Section ~~6~~(d), above, the exercise or purchase price for the Award shall be determined in accordance with the provisions of the relevant instrument evidencing the agreement to issue such Award.

(b) Consideration. Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise or purchase of an Award including the method of payment, shall be determined by the Administrator. In addition to any other types of consideration the Administrator may determine, the Administrator is authorized to accept as consideration for Shares issued under the Plan the following, provided that the portion of the consideration equal to the par value of the Shares must be paid in cash or other legal consideration permitted by the Delaware General Corporation Law:

(i) cash;

(ii) check;

(iii) surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Award shall be exercised;

(iv) with respect to Options, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction;

(v) with respect to Options, payment through a "net exercise" such that, without the payment of any funds, the Grantee may exercise the Option and receive the net number of Shares equal to (i) the number of Shares as to which the Option is being exercised, multiplied by (ii) a fraction, the numerator of which is the Fair Market Value per Share (on such date as is determined by the Administrator) less the exercise price per Share, and the denominator of which is such Fair Market Value per Share (the number of net Shares to be received shall be rounded down to the nearest whole number of Shares); or

(vi) any combination of the foregoing methods of payment.

The Administrator may at any time or from time to time, by adoption of or by amendment to the standard forms of Award Agreement described in Section 4(b)(iv), or by other means, grant Awards which do not permit all of the foregoing forms of consideration to be used in payment for the Shares or which otherwise restrict one or more forms of consideration.

(c) Taxes. No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any non-U.S., federal, state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares. Upon exercise or vesting of an Award the Company shall withhold or collect from the Grantee an amount sufficient to satisfy such tax obligations, including, but not limited to, by surrender of the whole number of Shares covered by the Award sufficient to satisfy the minimum applicable tax withholding obligations incident to the exercise or vesting of an Award (reduced to the lowest whole number of Shares if such number of Shares withheld would result in withholding a fractional Share with any remaining tax withholding settled in cash).

8. Exercise of Award.

(a) Procedure for Exercise; Rights as a Stockholder.

(i) Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Award Agreement.

(ii) An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is exercised has been made, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 7(b)(iv).

(b) Exercise of Award Following Termination of Continuous Service.

(i) An Award may not be exercised after the termination date of such Award set forth in the Award Agreement and may be exercised following the termination of a Grantee's Continuous Service only to the extent provided in the Award Agreement.

(ii) Where the Award Agreement permits a Grantee to exercise an Award following the termination of the Grantee's Continuous Service for a specified period, the Award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the Award, whichever occurs first.

(iii) Any Award designated as an Incentive Stock Option to the extent not exercised within the time permitted by law for the exercise of Incentive Stock Options following the termination of a Grantee's Continuous Service shall convert automatically to a Non-Qualified Stock Option and thereafter shall be exercisable as such to the extent exercisable by its terms for the period specified in the Award Agreement.

9. Conditions Upon Issuance of Shares.

(a) If at any time the Administrator determines that the delivery of Shares pursuant to the exercise, vesting or any other provision of an Award is or may be unlawful under Applicable Laws, the vesting or right to exercise an Award or to otherwise receive Shares pursuant to the terms of an Award shall be suspended until the Administrator determines that such delivery is lawful and shall be further subject to the approval of counsel for the Company with respect to such compliance. The Company shall have no obligation to effect any registration or qualification of the Shares under federal or state laws.

(b) As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.

10. Adjustments Upon Changes in Capitalization. Subject to any required action by the stockholders of the Company and Section 11 hereof, the number of Shares covered by each outstanding Award, and the number of Shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan, the exercise or purchase price of each such outstanding Award, the maximum number of Shares with respect to which Awards may be granted to any Grantee in any calendar year, as well as any other terms that the Administrator determines require adjustment shall be proportionately adjusted for (i) any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification of the Shares, or similar transaction affecting the Shares, (ii) any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company, or (iii) any other transaction with respect to Common Stock including a corporate merger, consolidation, acquisition of property or stock, separation (including a spin-off or other distribution of stock or property), reorganization, liquidation (whether partial or complete) or any similar transaction; provided, however that conversion of any convertible securities of the Company shall not be deemed to have been “effected without receipt of consideration.” In the event of any distribution of cash or other assets to stockholders other than a normal cash dividend, the Administrator shall also make such adjustments as provided in this Section 10 or substitute, exchange or grant Awards to effect such adjustments (collectively “adjustments”). Any such adjustments to outstanding Awards will be effected in a manner that precludes the enlargement of rights and benefits under such Awards. In connection with the foregoing adjustments, the Administrator may, in its discretion, prohibit the exercise of Awards or other issuance of Shares, cash or other consideration pursuant to Awards during certain periods of time. Except as the Administrator determines, no issuance by the Company of shares of any class, or securities convertible into shares of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Award.

11. Corporate Transaction and Change in Control.

(a) Termination of Award to Extent Not Assumed in Corporate Transaction. Effective upon the consummation of a Corporate Transaction, all outstanding Awards under the Plan shall terminate. However, all such Awards shall not terminate to the extent they are Assumed in connection with the Corporate Transaction.

(b) Acceleration of Award Upon Corporate Transaction. Except as provided otherwise in an individual Award Agreement, in the event of a Corporate Transaction, for the portion of each Award that is neither Assumed nor Replaced, such portion of the Award shall automatically become fully vested and exercisable and be released from any repurchase or forfeiture rights (other than repurchase rights exercisable at Fair Market Value) for all of the Shares (or other consideration) at the time represented by such portion of the Award, immediately prior to the specified effective date of such Corporate Transaction, provided that the Grantee’s Continuous Service has not terminated prior to such date.

(c) Acceleration of Award Upon Change in Control. Except as provided otherwise in an individual Award Agreement, in the event of a transaction that constitutes a Change in Control as applicable to an Award (other than a Change in Control which also is a Corporate Transaction) which is at the time outstanding under the Plan, such Award automatically shall become fully vested and exercisable and be released from any repurchase or forfeiture rights (other than repurchase rights exercisable at Fair Market Value), immediately prior to the specified effective date of such Change in Control, for all of the Shares (or other consideration) at the time represented by such Award, provided that the Grantee’s Continuous Service has not terminated prior to such date.

(d) Effect of Acceleration on Incentive Stock Options. Any Incentive Stock Option the vesting of which is accelerated under this Section 11 in connection with a Corporate Transaction or Change in Control shall remain exercisable as an Incentive Stock Option under the Code only to the extent the \$100,000 limitation of Section 422(d) of the Code is not exceeded.

12. Effective Date and Term of Plan. The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company and shall continue in effect for a term of ten (10) years after becoming effective unless sooner terminated. Subject to Section 17, below, and Applicable Laws, Awards may be granted under the Plan upon its becoming effective.

13. Amendment, Suspension or Termination of the Plan.

(a) The Board may at any time amend, suspend or terminate the Plan; provided, however, that no such amendment shall be made without the approval of the Company's stockholders to the extent such approval is required by Applicable Laws.

(b) No Award may be granted during any suspension of the Plan or after termination of the Plan.

(c) No suspension or termination of the Plan (including termination of the Plan under Section 11, above) shall adversely affect any rights under Awards already granted to a Grantee.

14. Reservation of Shares.

(a) The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

(b) The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

15. No Effect on Terms of Employment/Consulting Relationship. The Plan shall not confer upon any Grantee any right with respect to the Grantee's Continuous Service, nor shall it interfere in any way with his or her right or the right of the Company or any Related Entity to terminate the Grantee's Continuous Service at any time, with or without cause, including, but not limited to, Cause, and with or without notice. The ability of the Company or any Related Entity to terminate the employment of a Grantee who is employed at will is in no way affected by its determination that the Grantee's Continuous Service has been terminated for Cause for the purposes of this Plan.

16. No Effect on Retirement and Other Benefit Plans. Except as specifically provided in a retirement or other benefit plan of the Company or a Related Entity, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or a Related Entity, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a "Pension Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.

17. Stockholder Approval. The grant of Incentive Stock Options under the Plan shall be subject to approval by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted excluding Incentive Stock Options issued in substitution for outstanding Incentive Stock Options pursuant to Section 424(a) of the Code. Such stockholder approval shall be obtained in the degree and manner required under Applicable Laws. The Administrator may grant Incentive Stock Options under the Plan prior to approval by the stockholders, but until such approval is obtained, no such Incentive Stock Option shall be exercisable. In the event that stockholder approval is not obtained within the twelve (12) month period provided above, all Incentive Stock Options previously granted under the Plan shall be exercisable as Non-Qualified Stock Options.

18. Unfunded Obligation. Grantees shall have the status of general unsecured creditors of the Company. Any amounts payable to Grantees pursuant to the Plan shall be unfunded and unsecured obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974, as amended. Neither the Company nor any Related Entity shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Grantee account shall not create or constitute a trust or fiduciary relationship between the Administrator, the Company or any Related Entity and a Grantee, or otherwise create any vested or beneficial interest in any Grantee or the Grantee's creditors in any assets of the Company or a Related Entity. The Grantees shall have no claim against the Company or any Related Entity for any changes in the value of any assets that may be invested or reinvested by the Company with respect to the Plan.

19. Construction. Captions and titles contained herein are for convenience only and shall not affect the meaning or interpretation of any provision of the Plan. Except when otherwise indicated by the context, the singular shall include the plural and the plural shall include the singular. Use of the term "or" is not intended to be exclusive, unless the context clearly requires otherwise.

20. Nonexclusivity of the Plan. Neither the adoption of the Plan by the Board, the submission of the Plan to the stockholders of the Company for approval, nor any provision of the Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of Awards otherwise than under the Plan, and such arrangements may be either generally applicable or applicable only in specific cases.
